My name is Michael Koenig, I am the owner of MJK Transport LLC, PUC#8916989. I recieved a Tentative Oder to cancel my Certificate Of Public Convenience for reason of not being properly insured. The listed insurance that was not on file was Cargo. I did drop my cargo insurance, reason being I recently transitioned over to running tri-axle dump trucks and cargo insurance isnt needed. I haul stone, dirt, sand, rocks, backtop etc.. with the average cost per load less than \$400. An amount easily paid out of pocket should a claim arrise. General Liability insurance and General Auto insurance has been maintained and no lapses have happened. If the commision is requiring me to optain Cargo for such a small amount please advise me, and I can speak with my insurance provider on how to proceed. Thanks

Best Regards,

Michael Koenig
