Subject: Formal Challenge to Cancellation of Certificate of Public Convenience

Dear Secretary Homsher,

We respectfully challenge the cancellation of our Certificate of Public Convenience by the Pennsylvania Public Utility Commission.

The basis for the cancellation appears to be a determination that we failed to report gross intrastate operating revenue for the preceding two calendar years. However, we have documentation confirming that such reports were timely and properly submitted in compliance with all applicable reporting requirements.

Specifically, our records demonstrate that gross intrastate operating revenue was reported for both preceding calendar years in accordance with the Commission's regulations. We have provided copies of these filings, with supporting confirmations or correspondence, to substantiate our compliance.

Given this, the cancellation appears to have been issued in error. We respectfully request that the Commission:

- Review the submitted documentation evidencing our compliance.
- Rescind the cancellation of our Certificate of Public Convenience.
- Reinstate our operating authority without interruption.

We remain committed to full compliance with all regulatory requirements and are available to promptly provide any additional information necessary to resolve this matter.

Sincerely,

Jason L. Groff
