**Docket No. ~~A-2022-3034938~~**

**REQUEST TO NOT CANCEL Certificate of Public Convenience**

To Whom It May Concern,

This letter is a formal request to **NOT CANCEL** the Certificate of Public Convenience for ProLine Pipeline Inc. under Docket A-2022-3034938 Utility Code 899619.

ProLine Pipeline Inc. is an active operating company. We have consistently reported \$0 revenue on annual reports for approximately 19 years due to the nature of our operations. We do not operate as a for-hire carrier, but instead transport our own materials and equipment in connection with pipeline construction work.

The zero revenue reporting should not be interpreted as inactivity. Our operations have remained consistent and ongoing.

This certificate is required for our DOT compliance, insurance coverage, and contractual obligations. Cancellation would directly impact our ability to continue operating and fulfill contracts.

We respectfully request that this certificate remain active. If a different classification is more appropriate, we are willing to comply and request guidance on next steps.

Thank you for your consideration.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read 'Meredith Beardmore'.

Meredith Beardmore
