Re: Docket No. M-2026-3061024 – Latshaw Water Delivery LLC

Dear Secretary Homsher:

Latshaw Water Delivery LLC respectfully submits this response to the Tentative Order entered in the above-referenced docket. Latshaw Water Delivery LLC is not operating as a motor common carrier or motor contract carrier subject to regulation under 66 Pa.C.S. §§ 102 and 1101 et seq. Our business consists of purchasing water from a municipal authority, taking ownership of that commodity, and delivering and selling that water to customers as part of a retail transaction.

At no time does Latshaw Water Delivery LLC transport property for another for compensation or hold itself out as a carrier of property. All transportation is incidental to the sale of its own goods and constitutes private carriage, which is not subject to PUC motor carrier jurisdiction.

Accordingly, any Certificate of Public Convenience associated with Latshaw Water Delivery LLC appears to have been obtained in error or is no longer applicable. We respectfully request that the Commission recognize that Latshaw Water Delivery LLC is not a regulated motor carrier and that any such certificate be cancelled or withdrawn.

Latshaw Water Delivery LLC remains committed to full compliance with applicable laws and regulations. Please confirm receipt of this filing and advise if any additional information is required. I can be reached at Latshawwater@gmail.com.

Respectfully submitted,

Latshaw Water Delivery LLC
