TO ALL PARTIES OF RECORD

Application of Aqua Pennsylvania, Inc. for approval to alter the public crossing (DOT 589 859 F) by the installation of 8-inch ductile iron pipes connected to an existing 12-inch steel pipe inside a 16-inch steel casing pipe where Ulmer Avenue crosses, at grade, two (2) tracks of CSX Transportation, Inc. located in Springfield Township, Montgomery County.

To Whom It May Concern:

By application received by the Commission on March 24, 2026, Aqua Pennsylvania, Inc. seeks Commission approval to alter the public crossing (DOT 589 859 F) by the installation of 8-inch ductile iron (DI) pipes connected to an existing 12-inch steel pipe inside a 16-inch steel casing pipe where Ulmer Avenue crosses, at grade, two (2) tracks of CSX Transportation, Inc. (CSX) located in Springfield Township, Montgomery County.

The new 8-inch DI pipes on either side of the crossing will be installed by open cut trench within the roadway with connections being made to the existing 12-inch steel pipe inside a 16-inch steel casing pipe located below the tracks of CSX. The existing pipes below the crossing provide a minimum vertical cover of 5.5-feet from the bottom of rail to the top of the casing pipe.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, Aqua Pennsylvania, Inc. states that the proposed installation is necessary to improve water distribution operations and maintenance. Aqua Pennsylvania, Inc. will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the new facilities, at its sole cost and expense. The cost of the project is anticipated to be approximately \$600.

All work is to be performed in accordance with the plans entitled "EXHIBIT A," consisting of one (1) sheet submitted to the Commission with the application.

Aqua Pennsylvania, Inc. served a copy of the application and plans on Montgomery County, Springfield Township, CSX Transportation, Inc., the Pennsylvania Department of Transportation, PECO, Bucks County Water & Sewer Authority, Verizon Pennsylvania LLC, Transcontinental Gas/ William Gas, and Comcast. All parties of record were queried by letter dated March 27, 2026, sent via email as to any objection to the subject application and plans. None of the parties have responded with any objection to the subject application or plans.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.

The Commission issues this Secretarial Letter in accordance with Section 2702 of the Public Utility Code and finds that the alteration of the crossing is necessary and proper for the service, accommodation, convenience, or safety of the public.
