Re: Cancellation of Certificates of Public Convenience
For Common Carriers; Failure to Report Positive
Operating Revenue

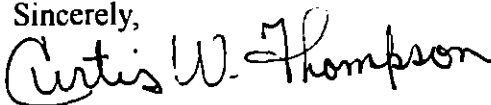

Docket No. ~~M-2026-3061024~~
Utility Code 6418580
A2016-2532191

Regarding the public meeting held April 16, 2026, please know that I take full responsibility for the administrative oversight for failing to notify your commission about reporting positive operating revenue. After a revenue of my administrative obligations, I recognize that I did not report PA gross intrastate operating revenue. All my positive operating revenue is generated in Pennsylvania. As a result of receiving your communication I completely understand that the Commission must fund their operations and allocate assessment costs among the regulated utility community. Additionally, please know that my transportation service is my secondary income. I also work in public education. With that in mind I have brief interruptions of service. I expect this setback to be brief after I get small business counseling and advance my advertising strategy.

In view of the above, I am hoping you will accept the reporting of my delinquent gross intrastate operating revenue as documented in my tax returns. The following operating revenue has been reported on my tax returns, tax year 2021 (\$8,706) 2022(\$3174) 2023(\$219)2024 (\$4,410) 2025 (\$155)

It is regrettable on my part that this circumstance happened. Currently, I am adjusting my administrative responsibilities to ensure that I am following the Public Utility commission operating and reporting requirements. With that said, your time and consideration will be appreciated if I can be reinstated as a transportation service within the Commonwealth of Pennsylvania.

Sincerely,

Curtis W. Thompson
