To whom it may concern,

I am writing to you in response to Docket NO M-2026-3061024. I own a small masonry company in the Poconos and have downsized our trucking since 2019 when COVID cost my company substantial loss financially, loss of trucking work and loss of employees.

Currently I am in the process of purchasing a new triaxle dump that my company will use to haul excavated material. It is a large purchase, and we had hoped to advertise for hire in hopes of acquiring a dedicated run where we would haul dirt for hire as well. In this case we would need a PUC number where in the past we did not. Hence the zero filed.

We are contesting the cancellation and would like to keep our PUC number

What do we need to do to keep our current PUC or obtain a new one for JPA MASONRY?

Thank you for your attention to this matter
