REF: Appeal of the Tentative Order for Cancellation Of Certificates Of Public Convenience for Common Carriers: Failure to Report Positive Operating Revenue

This letter serves as notice that Ehrisman Trucking, LLC does not want their PUC number cancelled. Ehrisman Trucking, LLC is operating continuously and has filed yearly reports with revenue.

Ehrisman Tucking, LLC currently hauls chicks from the hatchery to farms, therefore, the revenue is tax exempt because it is Transportation of Agriculture Products and as such, I've attached to the yearly reports supporting documentation of farms, with addresses, we travel to for deliveries.

We must maintain a current vehicle registration with the Department of Transportation to continue operating, therefore, do not wish to have our Certificate of Public Convenience cancelled. The PUC number is needed to maintain our vehicle registration.
