PROTEST

PA PUBLIC UTILITY COMMISSION
SECRETARY'S BUREAU

Before the Pennsylvania Public Utility Commission (Commission), pursuant to 52 Pa. Code Sections 5.51, et seq., [Print Name of Protestor] MARY M WILSON files this Protest to the above-captioned Application(s). In support of this Protest, [Print Name of Protestor] MARY M. WILSON avers as follows:

1. **Name and contact information of the Protestor.** [Provide name and address of Protestor.]

Mary M. Wilson
215 Fox Hollow Rd, Smithfield, Pa. 15478

2. **Name and contact information of Protestor's attorney.** [Provide names and addresses of Petitioner's attorneys. If none, clearly state "No attorney representation."]

no attorney representation yet

3. Set out clearly and concisely the facts from which the alleged interest or right of the Protestant can be determined. 52 Pa. Code § 5.52(a)(1).

[Explain why the utility's proposals affect you and/or your interests. For example, you may have an interest in this proceeding as a utility ratepayer, a landowner, a resident near the facilities, and/or a business owner.] I purchased my property in the early 70's. I loved the beautiful landscape, its (as a whole). Now the beautiful view will change - not to the land owner's benefit - also I'm a widow & my electrical rates will increase. If this isn't benefiting me, what is the purpose?

4. State the grounds of the Protest. 52 Pa. Code § 5.52(a)(2).

[Explain why you are filing this Protest. For example, you may be concerned with how the Company's proposals will impact utility rates, your property interests, your health and safety, and/or business interests.] I am concerned about the increase in utility rates. Also the detrimental effects of the electro-magnetic fields. If another state needs additional power sources let that state figure a way to accomplish it as they do as power plants in THEIR state.

5. Set forth the facts establishing the Protestant's standing to protest the Applications. 52 Pa. Code § 5.52(a)(3).

[Explain how the Siting Application and/or CPC Application will affect you, personally, and/or your interests. For example, you may be concerned that the utility's proposals for the locations of the lines will increase your rates, harm your land or property value, pose an unreasonable danger to health or safety, and/or cause financial harm to your business. In this regard, the PUC must make the following findings relating to the transmission facilities: (1) that there is a need for it; (2) that it will not create an unreasonable risk of danger to the health and safety of the public; (3) That it is in compliance with applicable statutes and regulations providing for the protection of the natural resources of this Commonwealth; and (4) That it will have minimum adverse environmental impact, considering the electric power needs of the public, the state of available technology and the available alternatives. 52 Pa. Code Section 57.76(a)]
