~~PROTEST~~

Before the Pennsylvania Public Utility Commission (Commission), pursuant to 52 Pa. Code Sections 5.51, et seq., [Print Name of Protestant] Sharon Oberlechner files this Protest to the above-captioned Application(s). In support of this Protest, [Print Name of Protestant] _____ avers as follows:

1. Name and contact information of the Protestant. [Provide name and address of Protestant.]

Sharon Oberlechner 724 562 4137
2754 Morgantown Rd Smithfield PA 15478

2. Name and contact information of Protestant's attorney. [Provide names and addresses of Petitioner's attorneys. If none, clearly state "No attorney representation."]

3. Set out clearly and concisely the facts from which the alleged interest or right of the Protestant can be determined. 52 Pa. Code § 5.52(a)(1).

[Explain why the utility's proposals affect you and/or your interests. For example, you may have an interest in this proceeding as a utility ratepayer, a landowner, a resident near the facilities, and/or a business owner.]

See above

4. State the grounds of the Protest. 52 Pa. Code § 5.52(a)(2).

[Explain why you are filing this Protest. For example, you may be concerned with how the Company's proposals will impact utility rates, your property interests, your health and safety, and/or business interests.] Cannot afford higher utility rates - health & safety are big concerns - bought house with 19 acres to be able to sell some of the ground to help with taxes.

5. Set forth the facts establishing the Protestant's standing to protest the Applications. 52 Pa. Code § 5.52(a)(3). [Explain how the Siting Application and/or CPC Application will affect you, personally, and/or your interests. For example, you may be concerned that the utility's proposals for the locations of the lines will increase your rates, harm your land or property value, pose an unreasonable danger to health or safety, and/or cause financial harm to your business. In this regard, the PUC must make the following findings relating to the transmission facilities: (1) that there is a need for it; (2) that it will not create an unreasonable risk of danger to the health and safety of the public; (3) That it is in compliance with applicable statutes and regulations providing for the protection of the natural resources of this Commonwealth; and (4) That it will have minimum adverse environmental impact, considering the electric power needs of the public, the state of available technology and the available alternatives. 52 Pa. Code Section 57.76(a)]

Will definitely lower my property value. I am a retired widow & just this past September had to sell my house to the landfill near me because they wanted to expand. I bought house with 19 acres so I could sell some of the ground to help with high taxes & help me to pay for repairs that need done. if this comes thru my property wont be worth as much as I just paid. this will be a disaster because I live on social security. Please stop this electric line from coming thru.
