**Re: PA Public Utility Commission, *et al.* v. The York Water Company - Water Division
Docket Nos. R-2025-3053442, *et al.***

**PA Public Utility Commission, *et al.* v. The York Water Company - Wastewater
Division
Docket Nos. R-2025-3053573, *et al.***

Dear Secretary Homsher:

Enclosed for filing on behalf of The York Water Company (“York Water” or the “Company”) are certain replacement pages for the Company’s wastewater compliance tariff in the above-captioned proceeding. The replacement pages correct typographical and formatting errors in certain of the previously-submitted pages for Tariff Supplement No. 29 to The York Water Company – Wastewater – PA P.U.C. No. 1.

Copies of this Compliance Filing are being provided as indicated on the Certificate of Service.

Please direct any questions regarding this matter to the undersigned counsel.

Respectfully submitted,

Devin Ryan

Greene, Hamilton, and Letterkenny Township Area CONTINUED

The number of EDU's applicable to educational and institutional establishments shall be computed on the highest monthly average daily attendance of pupils (plus faculty, administrators, and staff) for the twelve (12) months preceding the date of the applicable billing period. The owners of such facilities shall be responsible for continuously advising the Company, in writing, of the number of pupils, faculty, administrators and staff in attendance, as an average daily figure, and at any other time upon written request by the Company.

The number of EDU's applicable to retail stores, professional offices and other commercial establishments shall be computed on the basis of the average number of full and part-time employees (including the owner(s) or employer(s)) for the calendar quarter preceding the date of the quarter billing period. The owners of such facilities upon written request shall be responsible for advising the Company, in writing, of the number of employees.

To the extent that the use of any improved property is not adequately described above, the Company may use appropriate guidelines for determining domestic sanitary wastewater flows as promulgated by the Pennsylvania Department of Environmental Protection, at 25 Pa. Code §73.17. Sewage flows, from time to time.

If the use or classification of any improved property is proposed to be changed by the owner, the owner shall notify the Company, in writing, thirty (30) days before such change is to take place.

If the use or classification of any improved property changes, within a billing period, the Company will prorate the wastewater service charge. The appropriate credit or additional charge will appear on the statement for the next succeeding billing period.

Flat Rate Charges: The monthly wastewater service charges for connected industrial and commercial customers shall be \$112.80 per EDU. The monthly wastewater service charge for connected residential customers shall be \$59.96 per EDU. (I)

Estimated Rate Basis: The wastewater service charge may be based upon the Company's estimate of potable water consumed or domestic sanitary wastewater or industrial wastes discharged by any improved property in accordance with the metered rate schedule provided herein. (I)

Wastewater Service Charge by Owner of Multiple Use Improved Property: In the case of multiple use improved property sharing a common connection to the wastewater system or a common structure, each such classification of improved property shall pay a separate wastewater service charge, as though it were housed in a separate structure and had a direct and separate connection to the wastewater system, computed in accordance with the provisions of this Part.

Shrewsbury and Springfield Township Area CONTINUED

Section A: Reservation Fee

All Customers will be charged a reservation fee of \$10/gallon or \$3,500/EDU (1 EDU = 350 gallons/day). The minimum reservation fee is one EDU. Reservation fees are customer contribution in aid of plant construction and provision of service and are assessed on a one-time basis at the time of capacity nomination. No service will be provided, or capacity reserved, until payment of the reservation fee has been made. Where the Company determines that the Customer is utilizing more capacity than nominated, the Customer will pay an additional reservation fee equal to the utilized capacity if such capacity is available. If no such capacity is available, the Customer will reduce its usage to the level nominated or determined to be available by the Company until such time as additional capacity becomes available.

Section B: Wastewater Service Charge

Imposition of Charge: A wastewater service charge is hereby imposed upon the owner of each reserved capacity EDU, for service rendered or available to be rendered, and upon the owner of each improved property which is connected to the wastewater system, whether such use is direct or indirect, and shall be payable as provided herein.

Wastewater Service Charge Payable by Owner of Reserved Capacity EDU(s) Not Connected To

Wastewater System: The wastewater service charge shall be payable by the owner of each reserved capacity EDU beginning with the earlier of the date of payment of the reservation fee or forty-five (45) days from the date indicated on the notice of availability of wastewater collection, treatment and disposal service.

For reserved capacity EDUs not actually used in the discharge of domestic sanitary wastewater during such quarter, the wastewater service charge shall consist of a fixed charge per EDU reserved of \$50 per quarter. Non-payment of such charge for 2 or more quarters shall result in loss of reserved capacity EDUs, or portion thereof, equal to the amount due and owing and customers shall be required to make such payment, plus interest at 1.5% per month, prior to connecting to the system, if such lost EDUs are not otherwise subscribed.

Wastewater Service Charge Payable by Owner of Improved Property Connected to Wastewater System:

The wastewater service charge shall be payable by the owner of each improved property connected to the wastewater system commencing with the earlier of (a) the date of actual physical connection of an improved property to the wastewater system, or (b) Forty-five (45) days from the date indicated on the notice to connect.

The wastewater service charge applicable to any improved property connected to the wastewater system shall be calculated, imposed, and collected on the basis of EDUs reserved and metered usage as indicated below where accurate usage information is available. Where accurate usage information is not available, one of the other methods set forth below may be utilized in the sole discretion of the Company:

Metered Rate Basis:

Where accurate metered usage data is available, the wastewater service charge for customers connected to the wastewater system will be determined as follows:

Fixed Customer Charge: \$112.80 per month (includes the equivalent of one EDU of usage or 350 gallons per day applied to each quarterly billing period, to be calculated as 350 times the number of days in the billing period); (I)
plus

Consumption Charge: \$22.000 per thousand gallons consumed in each quarter for the gallonage included in excess of the amount included in the fixed customer charge. (I)

(I) Indicates Increase
