RE: A-00118841

I sent letter in already but I did not include my PUC number of A-00118841.

I would like to keep the PUC number and not have it canceled as to I have revenue

That will need to be included in the 2026 report.

I am working with and going to be working with a few different companies which I will have to

PA Intrastate Operating Revenue to report.

If it is possible to keep it from not being cancelled it would be greatly appreciated.

Respectfully,

Debra L. Ross
