RE: Challenge of Cancellation of the CPC for Common Carriers Failure to Report Positive Operating Revenue

Docket No: M-2026-3061024 Order Entered April 21, 2026 FOR PUC # 8917320

To the Following Commissioners: Stephen M. DeFrank, Chairman, Kimerly M. Barrow, Vice Chair, Kathryn L. Zerfuss, John F. Coleman Jr., Ralph V. Yanora

I am hereby requesting a challenge to the Cancellation of the CPC for Common Carriers failure to Report Positive Operating Revenue.

Since December 2022, it is correct we did not have positive revenue to report, mainly because although we hauled "dirty" dirt from former coal mines, it is part of the reclamation of old mines, therefore, it was an exempt item.

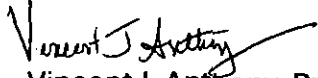

Our position has changed for 2026 we are now hauling what is referred to as "FINES" through Reading Anthracite and Waste Management and Processors Inc., these "FINES" are a taxable item, as they generate revenue from the fine particles of coal that are in the dirt and transported to a Co-Generation plant where they are burned and produce Electricity.

I have already taken the necessary steps to make a spreadsheet to keep track of the daily revenue that is generated from the hauling of FINES for the annual reporting for Fiscal Year 2026.

Should you need any further assistance you may contact: Patricia Madonna at 570-789-3391 she is my Operations & Business Manager.

Thank you for your time and consideration in this matter"

Respectfully,

Vincent J. Anthony, President
