Secretary Matthew L. Homsher,

I am sending this to you to attempt to stop the cancellation of our CPC. I received the tentative order and apparently, we have not been filing properly. I understand that ignorance is no excuse but we thought we were doing as expected since our previous filings went through without an issue that we were aware of. Our business is that of towing disabled and accident vehicles. The following paragraph is what we found in the exemptions list.

"Motor Vehicles - wrecked or disabled must be towed (tow truck, wrecker-type, flatbed, lowboy, etc.) does not have to be from accident or breakdown can be from place vehicle was towed to after accident if it's being towed to a place for repairs resulting from accident replacement vehicles are exempt if to or from accident or breakdown stolen or repossessed vehicles NOT INCLUDED salvaged vehicles to and from auctions "

We were under the impression that we simply had to fill out that we were exempt. Obviously, with that not being the case, we would like an opportunity to rectify this situation. Also, we would appreciate any assistance or direction on how to properly file in the future. As I personally am relatively new to this, and am trying to pick up the pieces of my predecessor, I hope to have this rectified to the standard of the Public Utilities Commission.

Thank you very much for your time and consideration,
