Regarding puc info

M-2026-3061024

I am currently 69 years old my son Michael was a very big part of our business we worked together since he was very young. At only 45 years old he died about 3 years ago his death unfortunately was suicide why he took his own life I will never know and am haunted by this every day. I am trying to continue to run our business as best I can and I am finding the paperwork sometimes can be overwhelming. I have filed our puc paperwork as I thought it should be and I am sorry if I have made any mistakes. I do not think we should terminate this as I believe it to be needed to run our business so I am asking you to please help me with this matter and if I need to make changes point me in the right direction.

Thank you

SUBJECT PUC#8920699

We received a letter about our PUC operations and cancellation of our number we do not wish to have this cancelled and did file each year as we are required before March 31st

Our filing was done electronically and in the event there was an error or it was somehow overlooked in the system I have attached a paper copy showing it was filed on time as required.

We do haul for several quarries but some of this is for Pa. state stockpiles as well at township (anti skid material etc.) with would be listed as exempt under #4 road construction materials for public or private road construction when hauled in a dump truck which we listed in our yearly report.

We also haul our own material listed as exempt under #5 for our own use and to our own customers.

It is my understanding we must have this PUC number to haul for another party when the material being carried is not our own so we DO NOT want to terminate our carrier number. Looking forward we are expecting to be hauling other materials that would also require authority and would have to reapply if this is cancelled.

I thank you for your attention to this matter and if for some reason we have made an error in our understanding of how to report this we are willing to make any corrections or pay any penalties required but again we DO NOT want to terminate our carrier number as we believe it is needed for our operations.

Dear RON ANDRESS

The Pennsylvania Public Utility Code, 66 Pa. C.S. §510(b), requires every public utility to file with the Commission a statement, under oath, showing its gross intrastate (jurisdictional) operating revenues for the preceding calendar year. Enclosed is the Assessment Report (Form AR-25-MC) that all Motor Carriers, including those registered with the Federal UCR program, must file with the Commission on or before **March 31, 2026**. No extensions will be granted. Revenue is estimated for companies who fail to file the Assessment Report. Estimated revenue is legally binding.

Utilities have the option to file their annual Assessment Report electronically via the Commission's Assessment Revenue Reporting Portal, or by completing the enclosed paper form (AR-25-MC). Filing through the portal is strongly recommended because it is the most efficient method. Your report is received immediately, and you will have confirmation of your submission. Additionally, when filing your assessment report through the portal, notarization is not required.

To file online, please visit <https://portal.puc.pa.gov/>. The following information will be needed to login:

Utility Code: 8920699

Access Code: 25C3B3M4F4G

If you choose to file a paper form, please carefully read the enclosed instructions. The completed original report, with signature and notarization, must be filed with the Commission's Assessment Section no later than **March 31, 2026**.

Please file using only ONE method- through the portal OR on the paper form. Do NOT file both ways. Any questions regarding Assessment Reports should be directed to the Assessment Section at (717) 265-7548, or via email at pucassessments@pa.gov.

Sincerely,

Matthew L. Homsher
Secretary

SECRETARY OF REVENUE

EXEMPT REVENUE

The following is a description of Exempt Revenue you may deduct on Line 2, as provided by 66 Pa.C.S. §102:

1. **LEASE REVENUE** – You may deduct lease revenue. Lease revenue is revenue a certificated carrier (lessor) receives when it leases its equipment to another certificated carrier (lessee). The lessor carrier cannot retain any responsibility for the maintenance, supervision or control of the vehicle. The leasing arrangement must be in compliance with the Commission's leasing regulations, which are found at 52 Pa. Code sections 29.101 (passenger carrier leasing) and 31.32 (property and household carrier leasing). **The lessor must include in its assessment report the name(s) of the carrier(s) and the certificate of public convenience number to which it leases its equipment and the amount of revenue received from the carrier.** Lessees cannot use rental/lease fees paid to the lessor to offset operating revenue and must report, for assessment purposes, all revenues earned under their certificate of public convenience.
2. **TRANSPORTATION OF K-12 SCHOOL CHILDREN** – You may deduct revenue you received from a kindergarten through 12th grade public, private or parochial school for the transportation of school children for school purposes or school sponsored extra-curricular activities, under a bona fide transportation contract with a public, private, or parochial school.
3. **TRANSPORTATION OF AGRICULTURE PRODUCTS** – Farm owners and operators may deduct revenue from transporting their own agricultural products from, or farm supplies to, their farm. In addition, independent contractors, or cooperative agricultural associations, transporting agricultural products or farm supplies exclusively for one or more farm owner(s) or operator(s), may deduct that revenue.
4. **WASTE, EXCAVATED, AND ROAD CONSTRUCTION MATERIALS** – You may deduct revenue you received from transporting ashes (including anti-skid, flue dust and fly ash), rubbish and waste for disposal. The PUC also allows the exemption/deduction of any revenue you received for transporting excavated materials in dump trucks. The purpose of the excavation is to create a hole or cavity. Removing material of value for use elsewhere is NOT exempt. The PUC also allows the exemption/deduction of any revenue you received for transporting road construction materials if a dump truck is used, and the materials hauled are used solely in a private or public road project including driveways (but NOT parking lots), and the materials are hauled directly to road construction sites or stockpiles. Carriers may **not** claim a revenue exemption for waste, excavated and road construction material when those materials were transported in five-axle tractor-trailers.
5. **TRANSPORTATION OF YOUR OWN PROPERTY** – You may deduct revenue you received from transporting your own property to yourself or to those that buy directly from you.
6. **VOTING MACHINES** – You may deduct revenue you received from transporting voting machines to and from polling places on behalf of any political subdivision of the Commonwealth for use in any primary, general, or special election.
7. **TRANSPORTATION OF WOOD PRODUCTS FROM WOODLOTS** – You may deduct revenue you received from transporting pulpwood, chemical wood, saw logs, wood chips, or veneer logs solely from woodlots. A woodlot is an area devoted to growing forest trees. Any revenue received from transportation performed from sources other than the woodlots is subject to assessment and may not be deducted.
8. **TRANSPORTATION OF WRECKED OR DISABLED VEHICLES** – You may deduct revenue you received from the transportation of wrecked or disabled motor vehicles from an accident, breakdown, or a place the vehicle was transported after the accident or breakdown, if it is subsequently transported for repair. Revenue from transportation of wrecked or disabled vehicles to or from auctions is NOT exempt.
9. **TRANSPORTATION OF STOLEN OR REPOSSESSED VEHICLES** – You may deduct revenue you received from the transportation of stolen or repossessed vehicles. Revenue from transportation of stolen or repossessed vehicles to or from auctions is NOT exempt.
10. **TRANSPORTATION OF INJURED, ILL OR DECEASED PERSONS** – You may deduct revenue you received from transporting an injured or ill person to a health care facility, when that transportation is performed in an ambulance or a medically equipped vehicle containing portable oxygen. A medical attendant must be in the vehicle in addition to the driver. A health care facility includes a hospital, clinic, dialysis center, nursing care institution, home health agency, infirmary, or behavioral service provider. A doctor's office is NOT a health care facility. In addition, you may deduct revenue you received from transporting deceased persons.
11. **TRANSPORTATION UNDER CONTRACT WITH MUNICIPAL CORPORATIONS** – You may deduct revenue you received from passenger transportation performed under contract with a municipal corporation, provided that: (1) the municipal corporation actively regulates your rates, routes and services; and (2) the transportation is limited to municipal residents. This deduction does not apply to contracts with state agencies.
