

**CONSERVATION SERVICE PROVIDER (“CSP”) APPLICATION
FOR REGISTRATION IN THE COMMONWEALTH OF PENNSYLVANIA**

Conservation Service Providers (“CSPs”) have a specific role under Act 129, which requires a covered Electric Distribution Company’s Energy Efficiency and Conservation (EE&C) plan to include one or more CSPs to implement at least a portion of the EE&C Plan. 66 Pa.C.S. § 2806.1(b)(1)(i)(E). CSPs provide information and technical assistance to EDCs on *measures* that enable a person to increase energy efficiency or reduce energy consumption. CSPs must have no direct or indirect ownership, partnership or other affiliated interest with an EDC. 66 Pa.C.S. § 2806.1 (m). Only registered CSPs may advise an EDC and/or provide consultation, design, or administration or management services to an EDC related to the implementation of the EDC’s EE&C Plan. As such, registration of business entities as approved CSPs is required before entering into a contractual agreement with an EDC exclusively for the provision of consultation, design, administration, management or advisory services regarding that EDC’s EE&C plan. This registry is not intended as a resource for business, whose sole purpose is the installation of measures, supplying of equipment or other contracting work for use by the general public and EDC customers. If providing such services, registration as a CSP is not required for entering into an agreement with an EDC.

Any CSP subcontractor with an annual contract cost that equals or exceeds 10% of the CSP annual contract cost and is directly performing services pursuant to a contract with a CSP which has contracted with an EDC after Commission approval should also register as a CSP. This does not include third party contractors which participate in or support an EE&C Plan but are not directly contracted with a CSP which has a direct contractual relationship with the EDC subject to Act 129.

To qualify an applicant must have at least two years of experience in providing program consultation, design, administration, management or advisory services related to energy efficiency and conservation services. CSP registration is not required of entities that limit their services to the installation of energy efficiency measures or the provision of equipment or materials to EDC customers or the public in general.

Re: Application to Renew Registration as a Conservation Service Provider

Dear Mr. Paige:

On November 27, 2023, Energy Infrastructure Partners LLC filed an incomplete application to renew registration as a Conservation Service Provider (CSP) with the Pennsylvania Public Utility Commission. On December 18, 2023, Energy Infrastructure Partners LLC filed documents to complete the application. A CSP must renew registration every two years to remain on the registry. The most recent registration for Energy Infrastructure Partners LLC is December 7, 2021.

A registered CSP can advise an electric distribution company (EDC) and/or provide consultation, design, administration, or management services to an EDC related to the EDC's energy efficiency and conservation plan. Upon review, it appears that the applicant continues to meet the Pennsylvania Public Utility Commission's minimum qualifications to provide consultation, design, administration, management, or advisory services to an EDC regarding energy efficiency and conservation plans required under Act 129 of 2008, P.L. 1592.

Therefore, effective December 7, 2023, registration for Energy Infrastructure Partners LLC with the Pennsylvania Public Utility Commission's Registry of Conservation Service Providers is renewed for two more years with a new **expiration date of December 7, 2025**. In addition, the applicant is advised that if any information in the application changes, a written notice of said change shall be filed with the Commission within 45 days of the change.

This approval is not meant to constitute a license, certification, or warranty of any kind by the Pennsylvania Public Utility Commission.

Please direct any questions to Charles Covage, Bureau of Technical Utility Services at 717-783-3835.

Sincerely,

Rosemary Chiavetta
Secretary

5. **FALSIFICATION**

This Application is subject to 18 Pa. C.S. §§4903 and 4904, relating to perjury and falsification in official matters.
