Docket No. M-2026-3061024

To whom it may concern,

We received the cancellation of CPC letter and wish to challenge the cancellation of the CPC. Over the past two years we have reported 0 revenue due to hauling tax exempt materials for companies doing public utility work. Previously to us receiving the letter of cancellation, we have been hauling aggregate for various companies such as Western Allegheny County Water Authority in the year of 2026 that would report revenue under PA gross intrastate operating revenue. We intend to expand our sales to both public and private companies which we believe require us to hold a Certificate of Public Convenience. Please reconsider the cancellation of our CPC as it is vital to the future operation of our small business.

Thank You

Louis Little
