Dear Sir or Madam,

I, John S. Graham of John Graham Trucking, have worked with NorthEast Paving for over 30 years. Based on your regulations and rules, the materials I haul with my tri-axle dump trucks are exempt.

I have consistently filed all required reports in a timely manner and have remained in full compliance with your regulations.

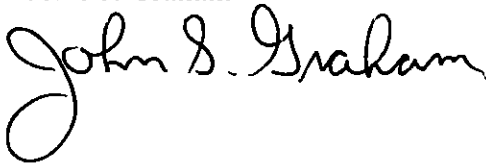

If a PUC number (A00114500) is not required for hauling materials for NorthEast Paving, I would like to confirm whether cancellation of my P.U.C. authority is appropriate at this time.

Additionally, I maintain a USDOT number (889016), which is required for registering my trucks in Pennsylvania.

I have been in business for over 60 years and employ drivers who operate in accordance with your regulations. I would also like to suggest consideration of a flat rate, or a sliding scale based on annual gross revenue, for companies that remain in compliance.

Thank you for your time and consideration.

Sincerely,
John S. Graham
