To whom it may concern

This letter is to inform you that I received the Cancellation Of Certificates Of Public Convenience for carriers that are failure to report Positive operating revenue or filing zero as revenue.

C&SP Trans LLC is a interstate carrier with utility #8915629, when I was filing the revenue report with the hard copy there clear were options, but online there is not options for the UCR registered, then when I started filing online there was no options for UCR registered. Then I call your office to ask how to file and I was told just to mark zero as an intrastate because I don't need to report the revenue because I'm Interstate carrier and UCR registered ev3er since I been doing the way that I was told by your office.

I hope this letter is sufficient for you not to apply any cancellation or suspension of my vehicle registration, if you need any additional information or proof of my filing, please let me know by phone or email listed above.
