Request for Information

- 1.) Your current authority allows you to work between points in Allegheny, Fayette, Washington and Westmoreland County, meaning you cannot operate outside of the border of those four counties. Authority is granted on the basis of trips that originate in various counties. Please name the exact counties you expect for trips to ORIGINATE in.
- 2.) Unless you are planning to add satellite offices, you will not be granted virtually half of the state, because it is impossible for you to provide efficient services to distant counties from your location in Fayette County. One option would be to add some counties and write the territory to operate from those counties, to points in Pennsylvania, and return, which would then allow you to work beyond the current borders for round trips. To be clear, please explain exactly how your business works, so that we can determine exactly how to move forward, particularly in regard to such distant counties of PA.
- 3.) Regarding drivers, you previously provided answers to the questions we needed addressed, but did not include those answers with this application. Please provide a Title 52 compliant plan for the frequency and retention of driver records.
- 4.) It is required that you provide a dated statement of financial position with your application. Yours was supplied with no date. Please correct and re-submit.
