

M-2026-306102M

Dear Pennsylvania PUC,

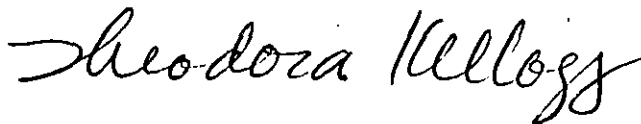

August 28, 2026

I just received your letter yesterday, in regards to a tentative order for failing to report positive operating revenue. I don't understand what I did wrong. I have reported our gross earnings each year, we work for local stone company plus purchase and haul stone, gravel and lime to individuals. My reports have been the same each year in regards to my understanding of exemptions that you have listed.

If I have inadvertently misunderstood and have filed something wrong please advise but be assured that we are a working company under PUC A-00098692/ Utility code 779920 and do not wish to lose our PUC number.

Please contact me by mail, phone 724-967-2387 or email kelloggfarm sinc@zoominternet.net to clarify what I need to do to change this standing under your tentative orders dated April 16, 2026.

Thank you for your help in correcting this matter promptly,

Theodora Kellogg
