Dear Mr. Homsher.

I am rewriting to challenge the cancellation of the CPC. My earliest available appointment to do my taxes was April 7 2026. This was an oversight of mine that filing my annual Assessment form was due by March 31 2026. It was filed April 12 2026. The last two years filings fall under the exemption as we haul road construction material and not for ourselves. This has been the case since we started. Also I have revenue this year already.

I ask for your reconsideration of the cancellation of my CPC. Please refer to our tax and filing history for proof that we are for hire, for road construction. As well as you have permission and access to my state taxes filed each year. Hopefully that is enough proof of the exemption we fall under.

I apologize for my oversight and will be making plans to ensure this will not happen again. Thank you for your time.

Sincerely,

Cindy Huya
