2. Affiliation with Other Carriers

Traveler Rentals LLC has no affiliation with any other transportation carrier. Dimir Brunson, Managing Member, does not own, manage, or hold a controlling interest in any other carrier or transportation-related business entity. This application represents the company's sole transportation venture.

3. Business Experience

Dimir Brunson, Managing Member of Traveler Rentals LLC, has six years of military service during which he operated large passenger and tactical vehicles, including the Family of Medium Tactical Vehicles (FMTV) and Up-Armored HMMWVs. In this capacity, Mr. Brunson was responsible for the safe transportation of military personnel along routes between Philadelphia, PA and Fort Indiantown Gap, PA — a corridor of approximately 100 miles — under a variety of road, weather, and operational conditions.

This experience required strict adherence to vehicle safety protocols, route planning, passenger accountability, and continuous communication with command personnel. Mr. Brunson developed a strong foundation in operating multi-passenger vehicles safely and efficiently, maintaining vehicle readiness, and executing scheduled transportation missions with reliability and professionalism. This military background directly translates to the safe, compliant, and timely operation of a group and party transportation service under Pennsylvania PUC authority.

4. Facilities, Record Maintenance, and Communication Network

Physical Location and Office: Traveler Rentals LLC operates from its principal place of business at 5223 Germantown Ave, Philadelphia, PA 19144. This location serves as the company's administrative and dispatch hub. The facility is secured with a gated garage, flood lighting, and 24-hour surveillance, ensuring the vehicle is stored safely at all times. Basic office equipment including a computer, printer, and smartphone will be used to manage scheduling, customer communications, billing, and recordkeeping.

Vehicle Storage: The Ford Transit 350 passenger van is stored at the secured gated garage at 5223 Germantown Ave. The facility's 24/7 surveillance and controlled access ensure the vehicle is protected and available for inspection by PUC Enforcement Officers at any time.

Record Maintenance: Traveler Rentals LLC will maintain all records required by the Pennsylvania Public Utility Commission, including trip logs, mileage records, vehicle maintenance records, driver logs, insurance documents, and revenue reports for annual assessment purposes. Records will be maintained electronically and in paper format at the principal place of business for a minimum of three years and will be made available to the Commission upon request.

Communication Network: Customer requests for transportation will be received via telephone and email. Mr. Brunson, as the sole driver and Managing Member, will serve as both dispatcher and operator during the initial phase of operations. Communication will be maintained via mobile phone throughout all trips. As the business grows and additional drivers are added, a formal dispatch protocol will be implemented to ensure continuous communication with all drivers in the field.

5. Drivers

At the time of this application, Traveler Rentals LLC will employ one driver: Dimir Brunson, Managing Member. Current insurance coverage is approved for one driver. As the company expands its customer base and revenue, additional drivers will be hired in accordance with updated insurance coverage and PUC requirements. One driver is appropriate for the initial service territory, which covers statewide Pennsylvania, given the company's current fleet size of one vehicle.

a. Hiring Standards: All future drivers must possess a valid Pennsylvania driver's license appropriate for the class of vehicle operated, maintain a clean driving record with no DUI convictions or reckless driving violations within the past five years, and demonstrate professionalism and reliability.

b. Criminal Background Checks: All drivers, including any future hires, will be subject to a criminal background check prior to employment. Third-party background check services will be utilized to screen for disqualifying criminal history.

c. Driver Training Program: Mr. Brunson's six years of military vehicle operation provide a strong operational foundation. All future drivers will receive an orientation covering PUC regulations, company safety policies, passenger conduct standards, emergency procedures, and route familiarization prior to operating independently.

d. Driver License Checks: Driver license status will be verified at time of hire and reviewed annually through the Pennsylvania Department of Transportation's driver record system to confirm continued eligibility.

e. Alcohol and Drug Policy: Traveler Rentals LLC maintains a strict zero-tolerance policy regarding alcohol and drug use by drivers while on duty or operating company vehicles. Any driver found to be under the influence will be immediately removed from service. Future hires will be subject to pre-employment drug screening.

6. Vehicles

Traveler Rentals LLC currently operates one vehicle, which is appropriate for the initial phase of operations given the current insurance coverage and driver staffing. The vehicle is listed below:

Year: 2022 **Make:** Ford **Model:** Transit 350

Seating Capacity: 15 (including driver) **VIN:** 1FDVU4X87NKA69451 **Mileage:** 55,961

This vehicle is sufficient to provide safe and efficient service for the group and party charter trips anticipated during the initial period of operation. Additional vehicles will be acquired as demand and revenue grow.

7. Vehicle Safety Program

a. Periodic Vehicle Maintenance Plan: The Ford Transit 350 will be maintained on a regular schedule in accordance with Ford manufacturer recommendations. This includes oil and fluid changes every 5,000 miles, tire inspection and rotation every 6,000 miles, brake inspection every 12,000 miles, and a comprehensive pre-trip safety inspection before every service run. All maintenance will be performed by a licensed mechanic and documented in the vehicle maintenance log retained at the principal place of business.

b. Compliance with Pennsylvania Vehicle Equipment Standards: Traveler Rentals LLC will ensure continuous compliance with applicable Pennsylvania vehicle equipment standards as set forth in 67 Pa. Code, Chapter 175. The vehicle will undergo Pennsylvania state inspection annually as required by law. Mr. Brunson will conduct a pre-trip safety check before each run, inspecting lights, brakes, tires, mirrors, emergency exits, and safety equipment. Any deficiencies identified will be corrected before the vehicle is placed into service. All inspection and maintenance records will be maintained at the business address and made available to PUC Enforcement Officers upon request.
