Harrisburg, PA 17120

BY PUC E-FILING

Dear MOTOR CARRIER COMPLIANCE CHIEF,

We are writing to formally petition for permission from the Pennsylvania Public Utility Commission for replacement of traditional taximeters with alternative devices that comply with the requirements set forth in 52 Pa. Code §29.314(b)(9).

We recognize that the Commission adopted several new regulations in 2017 which reflected the desire of taxi companies to utilize alternative devices such as tablet and cell phone apps, and we have been using such alternative devices for some time. The devices that we use meet the requirements established for meters, including accuracy and consumer information requirements. Our software-based taximeters operate by using a GPS signal to measure distance traveled and calculate fares.

Our devices are more effective than standard taximeters because they allow for taxi trips to be priced according to metered rates, upfront pricing, or dynamic pricing, with safeguards to ensure consumer protection for taxis that are physically hailed in the street or at taxi stands and those that are hailed electronically through an app or online.

Please let us know if any additional information is required in connection with this Petition.

Sincerely,

 5-4-2026

Ibrahim Oumarou

To Whom It May Concern:

This letter is being submitted to inform you that we here at Ibrahim Oumarou (Airport Taxi) do not use that electronic meters in our cabs for the following reasons:

- Poses damage to the vehicles in the interior
- Causes transmission problems with too many components hooked up to the engine and wheel base.

We use a metered app on our phones that is displayed while the cab is in motion for the passanger to observe. The following reasons are in support of the app. All drivers are required to use the same app

- More aesthetic for our customers at the airport and the vehicles
- Allows for payment options with the meter
- Allows for receipts with the meter and cab company.
- Records all trips and the costs
- Can be checked at the end of the shift by the owner

Our metered rates are:

- \$3.50 for the flag drop
- \$3.50 per mile
- \$25.00 if a pet is in the taxi

All rates are posted in the Taxi in the rear passenger window.

Thank you,

Ibrahim Oumarou
