

RCVD PUC SEC BUR  
MAY 15 2026 AM 10:48

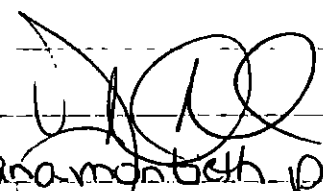

Hi Matthew

I am writing this old school letter to comment on our cancellation of our PUC 8920098

I was not aware that we needed to show income that was not exempt.

We exclusively haul for a PA Utility, locally Peco - the gas division. We haul all the materials from the gas line/main installation and/or repair to either a lay down yard or approved dump and we haul in the required approved materials to repair what was dug out.

I feel like our cancellation is unwarranted and would like to remain utilizing our PUC code for our business.
