4. OPERATIONS

a. **APPLICANT'S PRESENT OPERATIONS:** (select and complete the appropriate statement)

Definitions

- Supplier – an entity which provides natural gas supply services to retail gas customers utilizing the jurisdictional facilities of a natural gas distribution company
- Broker/Marketer - an entity that acts as an intermediary in the sale and purchase of natural gas but does not take title to the natural gas.

The Applicant is presently doing business in Pennsylvania as a

- natural gas interstate pipeline
- municipality providing service outside its municipal limits
- local gas distribution company
- retail supplier of natural gas services in the Commonwealth
- a natural gas producer
- a broker/marketer engaged in the business of supplying natural gas
- Other. (Identify the nature of service being rendered)

services

OR

The Applicant is not presently doing business in Pennsylvania.

b. **APPLICANT'S PROPOSED OPERATIONS:** The Applicant proposes to operate as a:

- Supplier or Aggregator of natural gas services
 - Municipal supplier of natural gas services
 - Cooperative supplier of natural gas services
 - Broker/Marketer engaged in the business of supplying natural gas services
- Check here to verify that your organization will not be taking title to the natural gas nor will you be making payments for customers.

Other (Describe):

c. **PROPOSED SERVICES:** Describe in detail the natural gas supply services which the Applicant proposes to offer.

We propose to offer brokerage services in Pennsylvania, helping clients procure retail gas agreements. Coho works with clients to understand their needs, run competitive processes, and choose a supplier and solution that best fits the client. We are solution/supplier agnostic, and our loyalties lie with the client.

Coho discusses with the customer what their goals are and crafts tailored solutions for their specific needs. Based on a client's specific needs, we will select between 3-10 suppliers that are able to offer the specific client structure, as not all suppliers may be able to offer the product that the client is looking for. We then run a competitive process that is transparent all the way on fees, and we present bids as-is to the client and select a solution that best fits the client.

d. **PROPOSED SERVICE AREA:** Check the box of each Natural Gas Distribution Company for which the Applicant proposes to provide service.

- Columbia Philadelphia Gas Works
- National Fuel Gas
- UGI Utilities – Gas Division
- PECO Valley Energy

- Small Commercial Customers - (Less than 6,000 Mcf annually)
- Large Commercial Customers - (6,000 Mcf or more annually)
- Industrial Customers
- Governmental Customers
- All of above
- Other (Describe):
- Residential and Small Commercial Customers in a Mixed Meter Capacity -
This customer class reflects situations in which a large commercial, industrial, and/or governmental customer account also contains features of residential and/or small commercial customers. In this instance, the residential and/or small commercial portion must be an incidental portion of the larger account. **This customer class alone does not allow marketing targeted directly to residential and/or small commercial customers.** Further information may be found in

the Licensing Requirements Applicable to Mixed Meter Scenarios Secretarial Letters served March 25, 2011, and July 3, 2013, at Docket No. M-2009-2082042.

- f. **START DATE:** Provide the approximate date the Applicant proposes to actively market within the Commonwealth.

As soon as license is approved.

5.

COMPLIANCE

- a. **CRIMINAL/CIVIL PROCEEDINGS:** State specifically whether the Applicant, an affiliate, a predecessor of either, or a person identified in this Application, has been or is currently the defendant of a criminal or civil proceeding within the last five (5) years.

Identify all such proceedings (active or closed), by name, subject and citation; whether before an administrative body or in a judicial forum. If the Applicant has no proceedings to list, explicitly state such.

The applicant has no proceedings to list.

- b. **CUSTOMER/REGULATORY/PROSECUTORY ACTIONS:** Identify all formal or escalated actions or complaints filed with or by a customer, regulatory agency, or prosecutory agency against the Applicant, an affiliate, a predecessor of either, or a person identified in this Application, for the prior five (5) years, including but not limited to customers, Utility Commissions, and Consumer Protection Agencies such as the Offices of Attorney General. **Applicant should also include if it had a Pennsylvania PUC EGS or NGS license previously cancelled by the Commission.** If the Applicant has no actions or complaints to list, explicitly state such.

The applicant has no actions or complaints to list.

- c. **SUMMARY:** If applicable; provide a statement as to the resolution or present status of any actions listed above. Additionally, provide details of any actions the applicant has undertaken that will prevent the items listed above from occurring if licensed in Pennsylvania.

7.

FINANCIAL FITNESS

- a. **BONDING:** In accordance with 66 Pa.C.S. § 2208(c), no natural gas supplier license shall be issued or remain in force unless the applicant or holder furnishes a bond or other security in a form and amount to ensure the financial responsibility of the natural gas supplier. The criteria used to determine the amount and form of such bond or other security shall be set by each NGDC. Provide documentation that the applicant has met the security requirement of each NGDC by submitting the letters sent by the NGDCs stating what bonding amounts they require. The contact information is located in Section 6.b.

See [Attachment 4](#)

- b. **FINANCIAL RECORDS, STATEMENTS, AND RATINGS:** Applicant must provide sufficient information to demonstrate financial fitness commensurate with the service proposed to be provided. Examples of such information which may be submitted include the following:
- Actual (or proposed) organizational structure including parent, affiliated or subsidiary companies.
 - Published Applicant or parent company financial and credit information (i.e. 10Q or 10K). (SEC/EDGAR web addresses are sufficient)
 - Applicant's accounting statements, including balance sheet and income statements for the past two years.
 - Evidence of Applicant's credit rating. Applicant may provide a copy of its Dun and Bradstreet Credit Report and Robert Morris and Associates financial form, evidence of Moody's, S&P, or Fitch ratings, and/or other independent financial service reports.
 - A description of the types and amounts of insurance carried by Applicant which are specifically intended to provide for or support its financial fitness to perform its obligations as a licensee.
 - Audited financial statements exhibiting accounts over a minimum two-year period.
 - Bank account statements (3-12 recent consecutive months), tax returns from the previous two years, or any other information that demonstrates Applicant's financial fitness.

See [Attachment 5](#)

- c. **SUPPLIER FUNDING METHOD:** If Applicant is operating as anything other than **Broker/Marketer only**, explain how Applicant will fund its operations. Provide all credit agreements, lines of credit, etc., and elaborate on how much is available on each item.

N/A, only acting as broker

- d. **BROKER PAYMENT STRUCTURE:** If applicant is a broker/marketer, explain how your organization will be collecting your fees.

We remain flexible with our fee structure and are open to discussing what works best for our client. We maintain full transparency, with all fees clearly defined and mutually agreed upon before any engagement begins. Throughout the process, we ensure complete visibility into how and where our fees are applied. Typically, our fees may take the form of a consulting fee, a transaction fee, or a combination of both, depending on the nature of the engagement and client requirements. Our

agreements may also look different depending on the nature of the engagement and client requirements.

- e. **ACCOUNTING RECORDS CUSTODIAN:** Provide the name, title, address, telephone number, FAX number, and e-mail address of Applicant's custodian for its accounting records.

c. **DOOR TO DOOR SALES:** Will the Applicant be implementing door to door sales activities?

- Yes
- No

If yes, will the Applicant be using verification procedures?

- Yes
- No

If yes, describe the Applicant's verification procedures.

d. **OVERSIGHT OF MARKETING:** Explain all methods Applicant will use to ensure all marketing is performed in an ethical manner, for both employees and subcontractors.

Coho is committed to the highest standards of ethics and integrity when engaging with customers. We provide comprehensive training and onboarding to all our employees to ensure every individual understands how to engage with customers in the retail service line.

See [attachment 7](#) for onboarding and training materials.

e. **OFFICERS:** Identify Applicant's chief officers, and include the professional resumes for any officers directly responsible for operations. All resumes should include date ranges and job descriptions containing actual work experience.

See [attachment 8](#)

9. **DISCLOSURE STATEMENT:**

(Not applicable for an applicant applying for a license exclusively as a broker/marketer.)

DISCLOSURE STATEMENTS: If proposing to serve Residential and/or Small Commercial (less than 6,000 Mcf annually) Customers, provide a Residential and/or Small Commercial disclosure statement. A sample disclosure statement is provided as Appendix E to this Application.

- Natural gas should be priced in clearly stated terms to the extent possible. Common definitions should be used. All consumer contracts or sales agreements should be written in plain language with any exclusions, exceptions, add-ons, package offers, limited time offers or other deadlines prominently communicated. Penalties and procedures for ending contracts should be clearly communicated.

N/A

10. **VERIFICATIONS, ACKNOWLEDGEMENTS, AND AGREEMENTS**

- a. **STANDARDS OF CONDUCT AND DISCLOSURE:** As a condition of receiving a license, Applicant agrees to conform to any Uniform Standards of Conduct and Disclosure as set forth by the Commission. Further, the Applicant agrees that it must comply with and ensure that its employees, agents, representatives, and independent contractors comply with the standards of conduct and disclosure set out in Commission regulations at 52 Pa. Code § 62.114.

AGREED

- b. **REPORTING REQUIREMENTS:** Applicant agrees to provide the following information to the Commission:
- Reports of Gross Receipts: Applicant shall file an annual report with the Commission on an annual basis no later than April 30th following the end of the calendar year per 52 Pa. Code § 62.110.

AGREED

- c. **TRANSFER OF LICENSE:** The Applicant understands that if it plans to transfer its license to another entity, it is required to request authority from the Commission for permission prior to transferring the license. See 66 Pa.C.S. § 2208(d) and 52 Pa. Code § 62.112(a). Transferee will be required to file the appropriate licensing application.

AGREED

- d. **ANNUAL FEES:** The Public Utility Code authorizes the PUC to collect an annual fee of \$350 from suppliers, brokers, marketers, and aggregators selling natural gas in the Commonwealth of PA, and a supplemental fee based on annual gross intrastate revenues, applicable to suppliers only.

ACKNOWLEDGED

e. **FURTHER DEVELOPMENTS:** Applicant is under a continuing obligation to amend its application if substantial changes occur to the information upon which the Commission relied in approving the original filing. See 52 Pa. Code § 62.105.

AGREED

f. **FALSIFICATION:** The Applicant understands that the making of false statement(s) herein may be grounds for denying the Application or, if later discovered, for revoking any authority granted pursuant to the Application. This Application is subject to 18 Pa.C.S. §§ 4902, 4903, and 4904, relating to perjury and falsification in official matters.

AGREED

g. **NOTIFICATION OF CHANGE:** If your answer to any of these items changes during the pendency of your application or if the information relative to any item herein changes while you are operating within the Commonwealth of Pennsylvania, you are under a duty to so inform the Commission, within thirty (30) days, as to the specifics of any changes which have a significant impact on the conduct of business in Pennsylvania. See 52 Pa. Code § 62.105.

AGREED

h. **CEASING OF OPERATIONS:** Applicant is also required to officially notify the Commission if it plans to cease doing business in Pennsylvania, 90 days prior to ceasing operations.

AGREED

i. **FILING FEE:** The Applicant has enclosed or paid the required, non-refundable filing fee by **CERTIFIED CHECK OR MONEY ORDER** in the amount of **\$350.00** payable to the Commonwealth of Pennsylvania. **The Commission does not accept corporate or personal checks for filing fees.**

12. NEWSPAPER PUBLICATIONS

Required of ALL Applicants regardless of operating as a supplier, broker, marketer, or aggregator.

All Applicants MUST include a Commission issued Docket Number in their publications. Docket Numbers are issued to new applicants when an application packet is submitted to the PUC's Secretary's Bureau. **Newspaper publications published without a Commission issued Docket No. will be rejected.** For more information, see 52 Pa. Code § 62.107.

Notice of filing of this Application must be published in newspapers of general circulation covering each county in which the applicant intends to provide service. The newspapers in which proof of publication are required is dependent on the service territories the applicant is proposing to serve.

The chart below dictates which newspapers are necessary for each NGDC. For example, an applicant that wants to operate in Peoples Natural Gas - Peoples Natural Gas Division would need to run ads in The Erie TimesNews, the Pittsburgh Post-Gazette, and the Johnstown Tribune-Democrat. If the applicant is proposing to serve the entire Commonwealth, please file proof of publication in all seven newspapers.

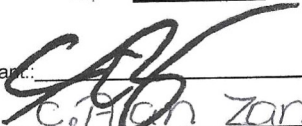

The only acceptable verification of this requirement is with Notarized Proofs of Publication, which may be requested from each newspaper and **must be supplied to the Commission before the applicant is licensed.**

Dear Alan Zang:

We are pleased that Coho Climate Advisors LLC has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, Coho Climate Advisors LLC could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. Coho Climate Advisors LLC has indicated only brokering and consulting services will be provided. Therefore, we have determined at this time that Coho Climate Advisors LLC does not need a bond or other financial security requirement to provide broker natural gas services to Columbia Gas customers.

If the creditworthiness requirement or Columbia Gas' exposure to Coho Climate Advisors LLC changes in the future, Columbia Gas might deem it appropriate to require Coho Climate Advisors LLC to provide a bond or other financial security instrument.

Please feel free to contact me at 614-460-4881 should you have any questions regarding a bond or other financial security instrument requirements of Columbia Gas.

Sincerely,

Debbie Vair

Dear Alan,

National Fuel Gas Distribution Corporation (“NFGDC”) is aware Coho Climate Advisors, LLC (CCA) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas service to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, CCA must furnish acceptable security to each utility where CCA will do business. As such, under its tariff, NFGDC could require CCA to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC’s understanding that CCA intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, CCA will never take title to any delivered natural gas, nor will it accept any customer payments or deposits.

Based upon your representations, NFGDC has determined that, at this time, CCA does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by CCA change in the future, NFGDC reserves the right to require security from CCA as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7541.

Yours truly,

Jason Allen

Re: Bonding Requirements

Dear Alan Zang:

PECO is aware that Coho Climates Advisors, LLC has applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application, Coho Climates Advisors, LLC, could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. Coho Climates Advisors, LLC has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers; will not take title to any delivered natural gas; nor will accept any customer payments or deposits.

Therefore, PECO has determined at this time that Coho Climates Advisors, LLC does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by Coho Climates Advisors, LLC, or the creditworthiness requirement for PECO's exposure to Coho Climates Advisors, LLC changes in the future, PECO reserves the right to require Coho Climates Advisors, LLC to provide a bond or other financial security instrument.

If you should have any questions regarding this matter, please contact Trevor Hope at Trevor.Hope@exeloncorp.com.

RE: Coho Climate Advisors, LLC
 Application to Serve as a Natural Gas Broker

Dear Mr. Zang,

Based on your assertion that Coho Climate Advisors, LLC (“Coho”) is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities, Inc.-Gas Division (“UGIU”) has concluded that Coho will not need to post security with UGIU. This is based on the declaration that Coho will be acting in conjunction with a licensed natural gas supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the UGIU Tariff. If Coho wishes to directly serve Choice customers in the service territories of UGIU in the future as a natural gas supplier, it will have to post security as specified in the UGIU Tariff prior to the commencement of the service.

Please feel free to contact me with any additional questions you may have.

Dear Mr. Zang:

We are pleased that Coho Climate Advisors LLC has applied for a license to provide natural gas services on Peoples Natural Gas Company LLC. Specifically you have requested to be licensed as a supplier on the distribution systems of Peoples Natural Gas Division and Peoples Gas Division (formerly Peoples TWP).

Since Coho Climate Advisors LLC is not currently serving customers on the Peoples systems, we have determined at this time that Coho Climate Advisors LLC does not need a bond or other financial security requirement to provide these services to the Company's customers.

If a Pool is established, and customers are enrolled which alters the creditworthiness requirement or the Company's exposure to Coho Climate Advisors LLC's provision of services on the Peoples' system in the future, the Company may deem it appropriate to require a bond or other financial instrument.

If you have any questions feel free to contact me at 412-208-6931 or by email at Carol.Scanlon@peoples-gas.com.

RE: Coho Climate Advisors, LLC

Dear Mr. Zang:

We understand that Coho Climate Advisors, LLC has applied with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania, including our company's service area.

Pursuant to 66 Pa.C.S. § 2208(c), an applicant for a natural gas supplier license must furnish security to each utility where it will do business to ensure the supplier's financial responsibility. To this end, Valley Energy periodically will perform a credit review and analysis of Coho Climate Advisors, LLC when it begins to serve customers on Valley Energy's system. Valley Energy will determine whether Coho Climate Advisors, LLC must post a security based on the credit review, the types of customers served, the volumes expected to be delivered for those customers and the other rules in Valley Energy's Supplier Tariff. At this time, no security is being requested; however, if the services provided change in the future, we reserve the right to require security from Coho Climate Advisors, LLC as deemed appropriate.

If you have any questions, please contact Jamie Beale at 570-888-9664 (Ext. 5232).

**FORMAL CASE NO. EA 2019-16, IN THE MATTER OF THE APPLICATION
OF CUSTOMERFIRST RENEWABLES LLC D/B/A CUSTOMERFIRST
RENEWABLES FOR AN ELECTRICITY SUPPLIER LICENSE, Order No. 20221**

I. INTRODUCTION

1. By this Order, the Public Service Commission of the District of Columbia (“Commission”) grants a license to CustomerFirst Renewables LLC d/b/a CustomerFirst Renewables (“CustomerFirst Renewables” or “Applicant”) to function as an electricity supplier in the District of Columbia.¹ The license for CustomerFirst Renewables LLC d/b/a CustomerFirst Renewables is effective upon issuance of this Order.

II. BACKGROUND

2. On August 12, 2019, CustomerFirst Renewables filed its license application.² Specifically, CustomerFirst Renewables intends to operate as a broker of electricity pursuant to § 4601 in Chapter 46 (Electricity Suppliers) of Title 15 of the District of Columbia Municipal Regulations.³ The Applicant represents that it intends to serve commercial and industrial customers in the District of Columbia. CustomerFirst Renewables filed supplemental information on September 5, 2019.⁴

III. DISCUSSION

3. Our review of the information contained in CustomerFirst Renewables’ application and supplemental filing demonstrates that it has met all the prescribed

¹ D.C. Official Code § 34-1501(17) (2001) defines, in part, an electricity supplier as “a person, including an aggregator, broker, or marketer, who generates electricity; sells electricity; or purchases, brokers, arranges or markets electricity for sale to customers.”

² *Formal Case No. EA 2019-16, In the Matter of the Application of CustomerFirst Renewables LLC d/b/a CustomerFirst Renewables for an Electricity Supplier License (“Formal Case No. EA 2019-16”), Application of CustomerFirst Renewables LLC filed August 12, 2019.*

licensing requirements and that the Applicant has the ability and the financial integrity to serve electricity customers in the District of Columbia. The Commission also finds that granting CustomerFirst Renewables' application will serve the public interest by fostering competition in the District's energy market. Accordingly, CustomerFirst Renewables' application is approved.

THEREFORE, IT IS ORDERED THAT:

4. The application of CustomerFirst Renewables LLC d/b/a CustomerFirst Renewables for a license to conduct business in the District of Columbia as an electricity supplier is hereby **GRANTED**. The license for CustomerFirst Renewables LLC d/b/a CustomerFirst Renewables is effective upon issuance of this Order.

OF CUSTOMERFIRST RENEWABLES LLC FOR A NATURAL GAS
SUPPLIER LICENSE; Order No. 19975**

I. INTRODUCTION

1. By this Order, the Public Service Commission of the District of Columbia (“Commission”) grants a license to CustomerFirst Renewables LLC d/b/a CustomerFirst Renewables (“CFR” or “Applicant”) to operate as a natural gas supplier in the District of Columbia.¹ The license for CustomerFirst Renewables LLC d/b/a CustomerFirst Renewables is effective upon the issuance of this Order.

II. BACKGROUND

2. On November 14, 2018, CFR filed its license application.² Specifically, CFR intends to operate as a broker of natural gas pursuant to § 4701 in Chapter 47 (Natural Gas Suppliers) of Title 15 of the District of Columbia Municipal Regulations.³ The Applicant represents that it intends to serve commercial and industrial customers in the District of Columbia. CFR filed supplemental information on March 20, June 10, and July 8, 2019.⁴

III. DISCUSSION

3. Our review of the information contained in CFR’s application and supplemental filings demonstrates that it has met all the prescribed licensing requirements and that the Applicant has the ability and the financial integrity to serve natural gas customers in the District of Columbia. The Commission also finds that granting CFR’s application will serve the public interest by fostering competition in the District’s energy market. Accordingly, CFR’s application is approved.

¹ D.C. Code § 34-1671.02(12) (2001) defines a natural gas supplier as “a person including an aggregator, broker, or marketer, who sell natural gas or purchases, brokers, arranges or, markets natural gas for sale to customers.”

Dear Mr. Zang:

On April 12, 2023, Coho Climate Advisors, LLC (“Company”) filed an Application for a License to Supply Electricity or Electric Generation Services in Maryland under COMAR 20.51. The Company proposes to provide electricity supplier services in Maryland for commercial and industrial customers as described in the application. Additional information was filed on April 20, 2023.

After considering this matter at the May 31, 2023 Administrative Meeting, the Commission granted the Company a license to supply electricity or electric generation services in Maryland (License Reference Number IR-6041). The license granted by the Commission under this Letter Order is limited solely to electricity supplier broker services for the customer classes and service territories applied for and recommended by Staff. Additionally, the Company is directed to provide marketing and training materials specific to its Maryland operations to the Commission Staff 30 days prior to utilization of the materials in Maryland.

Finally, the Company is reminded that it is under a continuing obligation to notify the Commission within 30 days of any changes to the information upon which the Commission relied in granting this license. A copy of the supplemental or updated information is required to be filed concurrently with the Office of People’s Counsel.

Re: Coho Climate Advisors, LLC – **REG 2025-087**
Registration to Provide Natural Gas Aggregation Service

Dear Mr. Angyal:

On August 5, 2025, Coho Climate Advisors, LLC submitted an application to the Department of Energy (Department) to register as a provider of natural gas aggregation services.

Review of the application determined it is complete and meets the requirements for registration under N.H. Code Admin. Rules Puc 3000.

Under RSA 12-P:15, effective on July 1, 2021, the Department is now responsible for registration and regulation of natural gas aggregators and competitive natural gas suppliers and for the adoption of related rules. The Department therefore is authorized to enforce the relevant provisions of the Puc 3000 rules, including those related to aggregator registration. *See* RSA 12-P:14.¹

Pursuant to that statutory authority, Coho Climate Advisors' application for registration is approved, effective as of August 21, 2025. The registration is for a term of two years and expires at the close of business on August 21, 2027. Pursuant to Puc 3003.06(a), you must submit a renewal application at least 60 days prior to the expiration of the approved registration term, on or before June 22, 2027.

Please be aware that registered providers of natural gas aggregation services are subject to specific requirements contained in N.H. Code Admin. Re: Coho Climate Advisors, LLC - **REG 2025-086**
Initial Registration as Provider of Electric Aggregation Service

Dear Ms. Aangyal:

On August 5, 2025, Coho Climate Advisors, LLC submitted an application to the Department of Energy (Department) to register as a provider of electric aggregation service.

Review of the application determined it is complete and meets the requirements for approval under Puc 2003, Registration and Assessment Requirements, and Puc 2006.02, Information Required for Initial and Renewal Registration of Aggregators.

Under RSA 374-F:7, as amended effective July 1, 2021, the Department is now responsible for registration and regulation of electric aggregators and competitive electric power suppliers and for the adoption of related rules. The Department therefore is authorized to enforce the relevant provisions of the Puc 2000 rules, including those related to aggregator registration. *See* RSA 12-P:14.¹

Coho Climate Advisors' application for registration is hereby approved, effective as of August 21, 2025, under Puc 2003.05(g)(1). The registration is for a term of two years and expires at the close of business on August 21, 2027. Pursuant to Puc 2003.06(a), you must submit your next renewal application at least 60 days prior to the expiration of the approved registration term, on or before June 22, 2027.

¹ On July 1, 2021, the Department came into existence and many functions previously performed by the Public Utilities Commission (PUC) were transferred to the Department. Under RSA 12-P:14, "[e]xisting rules, orders, and approvals of the [PUC] which are associated with any functions, powers, and duties, transferred to the [Department] pursuant to RSA 12-P:11 or any other statutory provision, shall continue in effect and be enforced by the commissioner of the [Department] until they expire or are repealed or amended in accordance with applicable law." *See* 2021 N.H. RE: Coho Climate Advisors LLC– NYS Energy Consultant Registration Letter

Dear Geoff Heller,

Thank you for your recent submittal pursuant to §11.B of the New York State Department of Public Service’s Uniform Business Practices (UBP) and §4.B of the Uniform Business Practices for Distributed Energy Resource Suppliers (UBP-DERS), which were adopted by the Commission in Case 23-M-0106. This letter is to inform you that the documentation submitted has been reviewed by DPS Staff and determined to be in compliance with the UBP and UBPDERS.

YOUR COMPANY HAS RECEIVED ELIGIBILITY TO BE AN ENERGY CONSULTANT IN THE STATE OF NEW YORK.

Be advised that to maintain your Energy Broker and/or Energy Consultant eligibility, and per the UBP and UBPDERS, you must notify Staff of any contact changes and material legal, financial or business-related changes to your company as they occur. If your business plan changes, you must immediately submit the appropriate documentation for Staff review and determination of if and how it may affect your current registration.

Additional requirements to maintain your registration include the annual fee and reporting requirements. More specifically, by August 31st of every year, you must provide a statement that the information and attachments in your registration form and registration package are current, or a description of revisions to the registration form and registration package and a copy of the revised portions. The \$500 non-refundable fee must be sent by August 31, 2025, to the following address:

Marketing methods

Power & Gas Procurement

Coho's Power & Gas Procurement team can help capture cost savings, manage risks, provide budget certainty, align energy portfolio strategy, and integrate clean energy opportunities by supporting your energy supply management over time

Service Overview

We are a licensed retail energy advisor that helps clients:

- Optimize energy purchasing to reduce cost and risk on their facility's energy bills in [retail choice regions](#) (see right)
- Integrate clean energy into existing energy portfolio approach

We work with energy/facility managers to review, competitively procure, and negotiate retail energy contracts to lock in supply that can yield significant financial savings and/or reduce financial risk.

Retail Choice Regions

Common Inefficiencies we Correct

1. Broker or Supplier markups	A lack of transparency on broker and/or supplier fees can lead to overpaying for energy
2. Poor integration of solutions	Suppliers are offering new and creative solutions that can be difficult to understand or align with existing solutions
3. Product structure & goal mismatch	Costs & risks vary by product; tradeoffs between limiting volatility and reducing costs may not reflect organizational goals
4. Failure to capture portfolio value	Solution procurements are often handled ad hoc or in isolation leading to a failure to capture scale across a portfolio

Actionable Steps we'll Take

Taking a fresh look at your retail supply to uncover market inefficiencies and new opportunities to capture cost savings	Running a competitive bid process with transparent advisory fees to reduce overall retail service fees (i.e., broker and supplier markups)	Exploring different product structures available to help integrate solutions that align with your organization's goals (i.e., risk mitigation, cost savings, etc.)	Managing energy supply at the portfolio level to enable you to maximize value capture and run a more efficient and manageable process
--	--	--	---

Rates are unpredictable and volatile – risk managing over time leads to best outcomes

Fee Structure/Requirements

We remain flexible with our fee structure and are open to discussing what works best for our client. We maintain full transparency, with all fees clearly defined and mutually agreed upon before any engagement begins. Throughout the process, we ensure complete visibility into how and where our fees are applied. Typically, our fees may take the form of a consulting fee, a transaction fee, or a combination of both, depending on the nature of the engagement and client

requirements. Our agreements may also look different depending on the nature of the engagement and client requirements. However, a sample contract is attached at the end of this exhibit.

Electric Supplier Selection

Coho is an independent advisor and uses a competitive bid process to select the best electric suppliers for our clients. We have relationships with most (if not all) major electric suppliers and intend to involve all who are licensed to supply end use customers in Connecticut.

Sample Contract:

Project Objective

Coho Climate Advisors, LLC ("Coho") is pleased to present CLIENT with a scope of work to solicit retail electricity bids (non-binding) from retail suppliers to explore the option of leaving the utility service, move all accounts to third party supply and incorporate unbundled RECs for up to 100% of CLIENT's annual electricity consumption. This process will include evaluating the two accounts currently on utility supply as well as leveraging economies of scale by assessing combining them with the account currently on third party supply with retail supplier. Renewable energy is more cost effective and impactful at scale. Synchronizing retail contracts now will enable more efficient renewable energy purchasing later, helping CLIENT meet its sustainability goals. We sincerely appreciate the opportunity to help CLIENT assess its retail electricity options and inform a path forward. We look forward to getting started.

Proposed Scope of Work

- Preparing to Obtain Retail Electricity Bids
- CLIENT previously sent Coho its most recent invoice and/or contract for accounts listed below:

- Coho will work with CLIENT to finalize a list of retail suppliers to solicit bids and draft a pricing request.
- Because CLIENT previously contracted with a retail supplier through another broker, a letter of exclusivity (LOE) will likely be needed for Coho to solicit bids on behalf of CLIENT (We will not know until we begin outreach to solicit bids). This document outlines that CLIENT wants to explore pricing solely through Coho for this specific procurement. It will not affect the current contract with your retail supplier. If necessary, Coho will provide the document for execution once this SOW is fully executed.

Obtaining Retail Electricity Bids

- Bids should be received from the retail suppliers within 1-2 weeks after the pricing request is issued by Coho.
- Pricing changes daily so it is important we compare pricing from all suppliers on the same day.
- Obtaining pricing from retail suppliers is a non-binding process. There is no risk or cost to CLIENT and CLIENT can decide not to transact or to walk away from the process at any time without penalty.
- Prior to transacting, there are no upfront or out of pocket costs for CLIENT.

Coho Transaction Fee/Presentation of Bids

- Coho proposes a fully transparent fee of \$X/MWh based on the estimated forecasted volumes over the full term of the contract (these volumes will be agreed upon between both CLIENT and the winning supplier prior to execution).
- The fee would be paid to Coho by the winning supplier strictly on an execution basis.
- 100% of the fee would be paid to Coho by the winning supplier over the term of the executed contract.
- Bids will be presented to CLIENT as they are presented to Coho and will be inclusive of the \$X/MWh fee.
- Bids will also be presented to CLIENT in a manner that breaks out the cost of the unbundled RECs to ensure transparency and full understanding of those potential additional costs.
- Coho will evaluate the different options CLIENT has (i.e., product structures, term lengths, contract terms etc) and present a recommendation.
- Should CLIENT decide to move forward, Coho will facilitate the contract negotiation and execution process as well as provide contract support for the term of the executed agreement.

Proposed Commercial Arrangements

In the event CLIENT elects to execute a retail electricity contract, the winning supplier will pay Coho as outlined in the above "Coho Transaction Fee" section. Should CLIENT elect not to execute a retail electricity contract, there will be no payment owed to Coho by CLIENT or any of the suppliers who bid on this opportunity. The Coho Transaction Fee is the

only compensation the winning supplier owes Coho for its services under this scope of work and nothing is owed to Coho from CLIENT.

Below is the customer service-related information that the client may use at any time during the term of this agreement to contact Coho:

We sincerely appreciate the opportunity to serve CLIENT and look forward to addressing any questions and finalizing our proposal. For competitive reasons, we would appreciate you keeping this proposal and delivered end products confidential with distribution limited to the CLIENT team. To the extent you need third parties to see some or all of Coho's analysis and deliverables, we would appreciate having approval rights prior to taking this action. Coho will not unreasonably withhold its approval. This agreement embodies our completely integrated agreement relating to this agreement's subject matter.

Professional Experience:

Coho Climate Advisors, an ERM Group Company (fka CustomerFirst Renewables),

Bethesda, MD., www.cohoclimate.com

Founder & CEO (2010-2023), Global Head of ERM Coho (2023 – present)

Innovative and customer-focused renewable energy advisory services firm delivering attractive economic and environmental benefits directly to large electricity end-users. Founder of disruptive start-up focused on fundamentally altering the way the electric power industry develops and captures value from renewable energy. Formed management team and led wide range of start-up activities including idea creation; business plan development; initial funding; organization design, governance and recruiting; marketing/web strategy; customer segmentation, lead generation and outreach; value chain design; and external relationships. Led successful merger with ERM in February 2023. Examples of impact include:

- Recruited 60+ person team with deep expertise in energy strategy, renewables development, grid power operations and pricing, management consulting, and deal structuring and negotiations.
- Developed innovative, flexible set of business and financing models that provide compelling value proposition (i.e., cost savings of 15-30% over the life of the solution; a 20+ year physical hedge against future power price increases; pre-tax unlevered IRRs >10% with project ownership; and significant reduction in carbon footprint).
- Built attractive client base, including over 100 blue-chip Fortune 500 corporations (e.g., technology, manufacturing, consumer, and real estate), large universities, and quasi-governmental agencies; collectively represent annual load of over 30,000,000 MWh.
- Closed over 4 GW of new renewable energy project deals, driving over \$7 billion of new project investments
- Attracted leading renewable equipment OEMs, developers and other value chain partners.
- Expanded beyond renewable energy with the addition of wholesale & retail energy services and water services.
- Led fund-raising efforts with outside investors.

Danaher Corporation, Washington, D.C., www.danaher.com

Vice President Growth and Innovation; member of Danaher Leadership Team (2006-2009)

\$13B diversified technology leader (electronic test & measurement, product ID, water and environmental test, medical and dental products, motion, safety and aerospace, tools and components). Led development and implementation of Danaher's corporate-wide organic growth activities. Efforts spanned entire innovation system, from idea generation to new product development to commercialization. Worked with CEO/EVPs to set overall priorities, and with operating company (Opco) presidents and managers to drive initiatives at the front-line. Examples of impact included:

- Designed/installed growth metrics, scorecard, and monthly review process across all Danaher Opco's.

- Introduced Smart Pricing tools across corporation, resulting in \$50M additional OP *above budget* in 2008.
- Created and launched Sales Force Initiative (SFI), an ongoing capability building effort to drive share gains.
- Partnered with Opcos to lead SFI “deep dive” go-to-market enhancements, e.g., key account management.
- Built internal and external team to develop new suite of breakthrough ideation and open innovation tools.
- Led rejuvenation of 50% of Growth Breakthrough portfolio; expect \$2B+ new growth by 2014.
- Designed/deployed annual Brand Equity tool to help each Opco calibrate strengths and competitive position.
- Spearheaded creation of the Danaher Knowledge Network (DKN), a web-based platform for sharing insights.
- Led/revamped annual Danaher Conference on Innovation; created annual Danaher Innovation Recognition Awards which recognized top innovation across corporation.

McKinsey & Company, Inc., Washington, D.C., www.mckinsey.com

Associate and Engagement Manager (1987-1994); Principal (1994-2000); Director/Senior Partner (2000-2006)

Leading global management consulting firm. Worked with broad range of energy, chemical and industrial clients on strategic, organizational, and operational efforts around the world. Also served private equity clients. Co-leader of energy and chemical practices. Co-editor and author of McKinsey’s book *Value Creation: Strategies for the Chemical Industry* (Wiley-VCH). Founded and co-led the Firm’s cross-industry global Innovation Practice, which helped clients improve their organic growth. Extensive recruiting experience. Examples of client work included:

- Transformed, over eight years, a mid-tier low-performing electric utility into the largest and most profitable one in the U.S. Included developing original deregulation strategy; redesign of the organization into SBUs; design of a then-contrarian strategy to roll-up the nuclear power industry; and the integration with another large nuclear utility.
- Over six years, worked with the senior management of one of the largest global chemical companies to boost the organic growth rate of the company. Included projects spanning many end-use markets (e.g., computer displays, batteries, fuel cells, digital printing, automotive paint and plastics) that created new products, services and business models. Also led the design and roll-out of a corporate-wide growth academy to help drive growth culture.
- Supported the new CEO of the largest global glass packager in designing and driving the first two years of a corporate-wide performance transformation effort. Included planning for the integration of a large acquisition; achieving significant savings in global procurement cost; making major upgrades in plants operations and commercial capabilities; and fundamentally upgrading the leadership team and Board.

Kansas Gas and Electric Company, Wichita, KS, www.westarenergy.com

Manager of Finance and other financial positions (1982-1987)

Operating subsidiary of Westar Energy. CAREER HIGHLIGHTS

- ERM (The world's leading sustainability consultancy) acquired the chemical consultancy business ReachCentrum in 2015. As Finance Director, supported the company through a period of change, transition and integration by stabilizing the team and implementing clear financial processes. Identified and defined issues arising from the acquisition through cross-department engagement; aligned disparate teams through driving confidence and collaboration; created and implemented processes to improve project reporting and recruited new team members to strengthen resources in key areas. Succeeded in stabilizing the team, improving performance KPIs and taking the business from a loss in year 1; delivering a return to strong profitability by year 2; and by year 5 yielding a return on net of c50% and a useful billability above 60%.
- At ReachCentrum, built a financial consulting team that successfully managed the financial resources of over eighty different consortia clients (working with nearly all the leading global chemical companies) together holding over €130m of cash under management, successfully building on the company's position as the market leader in EU REACH consortia financial management. Then as idea generator and product owner, in 2020, led the development and rollout of a bespoke and innovative web-based software tool in partnership with a leading Royalty Software provider to digitalize the client financial data held. This tool permitted the presentation, calculation and validation of key data through a web-based client interface portal to further enhance client experience, drive revenue growth and further strengthen

internal controls around the management of client cash. The agile project was delivered on time and within budget.

- At LexisNexis UK, led the restructure of their on-and-offshore finance functions through establishing a new in-house financial hub in Manilla. This included determining the business requirements; managing the transition away from the outsourced service centre in India; setting up new financial processes and practices for the Manilla hub; hiring the new team in Manila and delivering the training locally; restructuring the on-shore UK team; and engaging across the business globally to optimize team collaboration. Succeeded in delivering cost savings and improved efficiency. The restructured model also became the preferred structure followed by all other global divisions within the RELX Group.
