It has come to my attention that our assessment reports had not been filed according to the Tentative Letter of Cancellation (Doc#: M-2026-3061112) that I received recently. I have been in contact with your Fiscal Technician Emily Helmus in correcting this issue and I have completed all the assessment reports up to 2025 which has us up to date on all outstanding reports which I confirmed with Ms. Helmus. She also confirmed that I needed to send a written authentication to the commission that all assessments reports are completed and up to date. I have all correspondence from the PUC directly coming to me so in the future the assessments will be done in a timely manner and we avoid cancellation of our PUC rights. If there is anything else I need to further do to avoid cancellation please reach out to me at the info above. Thank you.

Sincerely,

Robert A. Wallace
