PENNSYLVANIA-AMERICAN WATER COMPANY

SCHEDULE OF RATES

RATE ZONE 10 - METERED SERVICE

(C)

APPLICABILITY

The rates under this schedule apply throughout the territories formerly served by Community Utilities of Pennsylvania Inc. (CUPA), unless otherwise noted on the territories served page, served under this tariff for service rendered on and after the Effective Date shown at the bottom of this page. CUPA consists of the service territory formerly known as Penn Estates Utilities, Inc., Utilities, Inc. - Westgate, and Pennsylvania Utility Company.

AVAILABILITY

The rates under this schedule are available to all Customers Classes.

METERED SERVICE

All water supplied by the Company under this rate schedule for any and all purposes shall be metered. All meters shall be read monthly or bimonthly and the water used shall be paid for in accordance with the following schedule of rates.

RATE

Service Charge For All Rate Classes

The following monthly service charge shall apply based on the size of meter required to render adequate service, as determined by the Company:

<u>Size of Meter</u>	<u>Service Charge per Month</u>
5/8 inch	\$18.18
1 inch	\$30.43
1-1/2 inch	\$50.90
2 inch	\$75.45
6 inch	\$207.55

Consumption Charges For All Customers

The following rates shall apply per 100 gallons

Residential

All Usage: \$2.1120

Non-Residential, including Pool and Clubhouse customers

All Usage: \$1.9790

Purchased Water Adjustment Clause

A Purchased Water Adjustment Clause of \$0.00 per 100 gallons is applied to metered sales.

AVAILABILITY RATES

The flat rate availability charge for a lot upon which no structure has been erected will be \$30.66 per month per lot if located within former Penn Estates and \$18.11 if located within former Pennsylvania Utility Company service areas. These charges will be payable in arrears and will be billed quarterly, in the amounts of \$91.98 and \$54.33, respectively.

(C) means Change

SCHEDULE OF RATES

PRIVATE FIRE SERVICE –UNMETERED

APPLICABILITY

The rates under this schedule apply throughout the territories served under this tariff for service rendered on and after the Effective Date shown at the bottom of this page

AVAILABILITY

The rates under this schedule are available to any existing unmetered private fire service customer who continues to utilize the service connection solely for fire prevention purposes in connection with the customer’s fire sprinkler system, standpipe connection, or any other emergency or fire protection facilities.

RATE

Service Charge

The following shall apply based on the size of service line connection required to render adequate service, as determined by the Company:

<u>Size of Connection with Main</u>	<u>Service Charge per Month</u>	<u>Audubon</u>	<u>Corner Water</u>
1 inch	\$5.99	\$30.80	
1-1/4 inch	\$5.99		
1-1/2 inch	\$8.63		
2 inch	\$15.34	\$48.80	\$2.69
3 inch	\$34.92	\$56.50	\$5.68
4 inch	\$61.49	\$69.40	\$10.01
6 inch	\$139.88	\$102.75	\$22.44
8 inch	\$248.72	\$167.00	\$39.88
10 inch	\$388.48	\$228.60	
12 inch	\$558.88		

Qualified Private Fire Hydrants

Service under this classification is subject to regulations set forth in Section 2.11 "Qualified Private Fire Hydrants".

Qualified Private Fire Hydrants \$26.89 per month

East Dunkard:

Qualified Private Fire Hydrants \$0.00 per month

Audubon:

Qualified Private Fire Hydrants \$102.75 per month

Corner Water:

Qualified Private Fire Hydrants \$22.44 per month

CUPA:

Qualified Private Fire Hydrants \$0.00 per month

PENNSYLVANIA-AMERICAN WATER COMPANY

SCHEDULE OF RATES

PUBLIC FIRE SERVICE

APPLICABILITY

The rates under this schedule apply throughout the territories served under this tariff for service rendered on and after the Effective Date shown at the bottom of this page.

AVAILABILITY

The rates under this schedule are available to customers with applications accepted by the Company under Section 8.5 of this tariff. Service under this classification is subject to regulations set forth in Section No. 8 "Public Fire Hydrants".

RATE

The annual charge for each public fire hydrant will be billed at 25% of the cost of service which is \$274.32 per annum or \$22.86 per month except as noted below:

<u>Municipalities</u>	<u>Monthly Charge for Each Public Fire Hydrant</u>
Moshannon Valley Area	
Bradford Township for hydrants contracted prior to February 18, 1988	\$6.25
Audubon Water Co. Service Area	\$25.70 per month or \$308.40 annually
Borough of Avis	\$14.40
Corner Water Service Area	\$32.47 per month or \$389.65 annually

East Dunkard:
 Public Fire Hydrants \$0.00 per month

<u>CUPA:</u>	(C)
Public Fire Hydrants	
Former Penn Estates service area	\$0.00 per hydrant per month
Former Utilities Inc. – Westgate service area	\$56.67 per hydrant per month

Townships of Pine Creek and Dunnstable:
 Each customer having any part of a building or structure located within 600 feet, measured along an improved road, of a fire hydrant shall be billed \$2.40 monthly. This charge shall be in addition to the service charge and usage charges set by this tariff for applicable customers.

(C) means Change

PURCHASED WATER ADJUSTMENT CLAUSE (C)
(Applicable to CUPA service area, formerly known as Utilities, Inc. – Westgate)

The Company may apply a Purchased Water Adjustment Clause ("PWAC") to its water rates set forth under Schedule of Rates, Rate Zone 10, to reflect an increase or decrease in the rates charged by its wholesale water supplier, the City of Bethlehem ("City").

The PWAC will be calculated based on changes in the customer charges contained in Schedule G Meter Rates-Sales for Resale of the City's Tariff Water PA. P.U.C. No. 6. For purposes of calculating the PWAC, the amount collected or refunded will be the difference between the consumption charge rate per 1,000 gallons contained in the Company's Schedule of Rates and Charges and the customer charges contained in Schedule G of the City's tariff. The Company will revise the Tariff consumption charge in its base rate cases to mirror the customer charges in Schedule G of the City's tariff and set its PWAC to zero. Between rate cases, the Company will use the PWAC to reflect changes in the rates contained in Schedule G of the City's tariff. The Company will provide notice to its customers of changes in rates resulting from application of the PWAC.

The baseline items determined in the Company's most recent PWAC calculation:
(50,434,644 gallons X \$4.498/1,000gallon) + (\$17,486.52 fixed charges) = \$244,341.55

Determination of Purchased Water Adjustment Charge

A PWAC may be implemented on the effective date of a change in the City's wholesale rates charged to the Company for purchased water but not on less than 45 days notice to the customer. The Company may, at its option, implement a PWAC to recover an increase in purchased water costs. However, if the rate change is a decrease, the Company must implement a credit PWAC to reflect the decrease.

The items used to calculate the PWAC are:

- A. The projected cost of the volume of water purchased from the City in the prior 12 months at the City's revised rate per 1,000 gallons.
- B. The actual cost for the volume of water purchased from the City for the prior 12 months at the City's prior rate per 1,000 gallons.
- C. The total metered water sold for the prior 12 months measured per 1,000 gallons.

(C) means Change

PENNSYLVANIA-AMERICAN WATER COMPANY

PURCHASED WATER ADJUSTMENT CLAUSE (CONTINUED)

(C)

(Applicable to CUPA service area, formerly known as Utilities, Inc. – Westgate)

The PWAC, per thousand gallons, shall be computed to the nearest one-hundredth cent (0.01) in accordance with the formulae below:

$$\text{PWAC} = \frac{A - B}{C}$$

The PWAC will be charged for each thousand gallons of metered water sales supplied under the Schedule of Rates, Rate Zone 10.

Safeguards

Annual Reconciliation

The Company will provide an annual reconciliation of PWAC revenues with the actual cost of purchased water from the City pursuant to Section 1307(e) of the Public Utility Code upon implementation of a PWAC. The revenue received under the PWAC for the reconciliation period will be compared to the Company's eligible costs for that period. The difference between revenue and costs will be recouped or refunded, as appropriate, in accordance with Section 1307(e), over a one-year period commencing on July 1 of each year. If PWAC revenues exceed PWAC-eligible costs, such overcollections will be refunded with interest. Interest on the overcollections will be calculated at the residential mortgage lending rate specified by the Secretary of Banking in accordance with the Loan Interest and Protection Law (41 P.S. § 101, et seq.) and will be refunded in the same manner as an overcollection. For the purposes of calculating such over or under collection, the reconciliation period shall be the annual period ended March 31.

New Base Rates

The charge will be reset at zero as of the effective date of new base rates that provide for prospective recovery of the annual costs that had theretofore been recovered under the PWAC. Thereafter, only new purchased water adjustments, which have not previously been reflected in the Company's base rate, are eligible for PWAC recovery.

CAP

The PWAC shall not exceed seven and one-half percent (7.5%) of the amount billed to customers, exclusive of the amounts recovered under the State Tax Adjustment Surcharge.

(C) means Change

RULES AND REGULATIONS**4. Service Pipes (cont'd)****4.6 Check Valve, Backflow Prevention Device and Service Pipe Strainers**

A minimum of an approved American Society of Sanitary Engineering 1024 (ASSE 1024) dual check valve shall be installed on all service pipes for residential service. Residential accounts having a lawn irrigation system or fire sprinkler system will be required to install a reduced pressure zone backflow prevention device on the line which services this part of the customer's system. Reduced pressure zone devices are to be tested and/or repaired annually. On service pipes for commercial or industrial service, a backflow prevention device of a type approved by the Company shall be installed. The location of the double check valve or backflow prevention device shall be approved by the Company. Service pipes used for fire protection must in addition have an approved fire service pipe strainer. The double check valve and backflow prevention device shall be owned and maintained by the Customer. Non-residential Customers shall certify annually, in writing to the Company, that these devices have been maintained and are in working order. This is to include a test and /or repairs performed by an inspector who is a certified backflow prevention device tester. They are also subject to Company inspection at reasonable times. A backflow prevention device tester must be certified by an entity that performs training to test and repair Check valves and backflow prevention devices which meet or exceed American Society of Sanitary Engineering (ASSE), American Backflow Prevention Association (ABPA) or equivalent standards and provides certification that such training has been completed in accordance with these requirements.

4.7 Pressure Regulators

When the static pressure is 100 lbs. or more at the Customer's premise, the Customer shall be responsible for the installation and maintenance of a pressure regulator or valve, which shall be installed on the inlet side of the meter.

4.7.1 Booster Pumps (pertaining to customers in Rate Zone 10- CUPA, formerly Pennsylvania Utility Company, (C) Lehman Township, Pike County)

In certain sections of the development, customers will be required to install booster pumps to maintain adequate pressures. In such circumstances where booster pumps are required, it shall be the customer's responsibility to purchase, install, operate, maintain, repair and replace the booster pump at each residential premises.

4.8 Water use Standards for Plumbing Fixtures

The Company may refuse to connect with any piping system or furnish water through one already connected in any new construction or renovation which does not comply with the Company's water use standards for plumbing fixtures.

4.9 Customer Responsibility for Service Pipe

The Customer shall have full responsibility for the installation, repair, replacement, and maintenance of all Service Pipes, including full responsibility for metered water usage attributable to a leak in the Service Pipe; The failure of a Customer to properly install and maintain a Service Pipe, including replacement, shall constitute grounds for the Company to initiate action to terminate service to the Customer and seek recovery for any damage to the Company's facilities caused by an improperly functioning Service Pipe.

Where an undetected, non-surfacing, underground leak is found in a Customer's Service Pipe, the Company shall credit the Customer with a one-time bill adjustment equal to forty percent (40%) of that portion of one month's consumption that exceeds the average monthly usage, based on the prior twelve month period, upon proper verification that the leak has been repaired. The Company may require documentation to establish, to the Company's satisfaction, the existence of such repaired leak at the Customer's premises. Such bill adjustment will be provided only to the extent the Customer has not received a bill adjustment for an undetected, non-surfacing, underground leak at the same premises in the past five (5) years.
