Data Requests

1. Reference Application, Section 1.a, Identity of Applicant – Throughout the EGS Application Package, the Applicant identifies itself as Coho Climate Advisors LLC and indicates that it is not operating under a fictitious name. However, various portions of the Application refer to the company simply as “Coho.” Please confirm whether Coho Climate Advisors LLC and Coho are the same legal entity and clarify whether “Coho” is merely a trade name, abbreviation, or shorthand reference for the Applicant.
2. Reference Application, Section 4.c, Description of Proposed Services – The Applicant identified its proposed services as related to retail natural gas services. However, this description is inconsistent with the Application, which seeks approval to offer, render, furnish, or supply electricity or electric generation services. The Applicant must revise its description of its proposed services to accurately reflect the type of license authority being requested and ensure consistency throughout the Application.
3. Reference Application, Confidential Attachment No. 5 – The copy of Confidential Attachment No. 5-Corporate Structure, provided with the Application is not legible. Please submit a clear and legible copy of Confidential Attachment No. 5 for review.
4. Reference Application, Non-Confidential Attachment No. 5 – The Applicant has provided a credit rating report for ERM-NA Holdings Corp.; however, the Applicant does not explain the corporate relationship between itself and ERM-NA Holdings Corp. Please provide a detailed description of the relationship between these two entities, including the ownership structure and any parent, subsidiary, or affiliate structures. Additionally, explain the basis upon which the credit rating report of ERM-NA Holdings Corp. is being submitted in support of the Applicant's financial fitness and identify how that credit rating is relevant to the Applicant's operations and financial standing.
5. Reference Application, Section 7.b, Financial Fitness – Applicant provided minimal documentation to demonstrate its financial fitness. Please provide additional evidence of the Applicant's financial fitness in the name of the Applicant. Such documentation may include, but is not limited to, the following: (1) audited financial statements for the two most recent consecutive fiscal years; (2) federal and/or state income tax returns for the two most recent consecutive tax years; (3) bank statements for at least the three most recent consecutive months; and/or (4) a notarized guarantee or agreement demonstrating that the Applicant's parent company assumes full financial responsibility for Coho Climate Advisors LLC's electric operations within the Commonwealth of Pennsylvania. Any parent company guarantee should clearly identify the parent entity and describe the extent of its financial obligations and commitments on behalf of the Applicant.
