**Re: Petition of PPL Electric Utilities Corporation for Approval of its Act 129 Phase V
Energy Efficiency and Conservation Plan
Docket No. M-2025-3057329**

Dear Secretary Homsher:

Enclosed for filing is the executed **CONFIDENTIAL** Conservation Service Provider (“CSP”) contract between PPL Electric Utilities Corporation (“PPL Electric” or the “Company”) and the CSP selected to implement the Database and Tracking System under the Company’s Phase V Energy Efficiency and Conservation (“EE&C”) Plan. In addition, this filing includes **CONFIDENTIAL** copies of PPL Electric’s: (1) cover sheet summarizing the aspects of the contract as required by the Pennsylvania Public Utility Commission’s (“Commission”) *Phase V Implementation Order*¹; and (2) bid evaluation summary (including the number of bids that were received, justification for selection of CSP if based on receipt of less than three bids, and explanation for non-selection of low-bid CSP, if applicable).

The enclosures are marked **CONFIDENTIAL** because they contain competitively sensitive information, including, but not limited to, details about the bids received for the services to be provided under the CSP contract as well as PPL Electric’s evaluation of such bids. Therefore, PPL Electric respectfully requests that the Commission afford the enclosures proprietary treatment and place them in a non-public folder.

PPL Electric solicited and evaluated bids in accordance with its “Procedure 100-101 Awarding Contracts to PA Act 129 Conservation Service Providers,” which was approved via Secretarial Letter by the Commission on September 8, 2025. The enclosed **CONFIDENTIAL** bid evaluation summary describes the bid solicitation and evaluation process.

Further, PPL Electric notes that the enclosed **CONFIDENTIAL** CSP contract will only be effective upon Commission approval.

PPL Electric respectfully requests that the Commission approve the enclosed **CONFIDENTIAL** CSP contract.

Respectfully submitted,

Megan E. Rulli
