Docket No. A-2026-3061069
Peachey's Transport Services, LLC.

Request for Information

RFI 1. Question #6 of the application. Please clarify your address, as the suite # was missing from this application.

RESPONSE:

*The address should read as follows:
Peachey's Transport Services, LLC.
64 Duchess Street, Ste. 200
Reedsville, PA 17084*

RFI 2. Question #9 of the application. The USDOT # provided is assigned to a different entity, "Peachey's Transportation Services LLC".

(A). Why is this information different from what is filed with the PUC?

RESPONSE:

The discrepancy in the information provided was the result of an inadvertent administrative oversight on the part of the Applicant. Upon discovery of the inconsistency, corrective action was promptly taken to ensure that all information submitted is accurate and consistent with the Applicant's records. The Applicant respectfully submits that the discrepancy was unintentional and was not intended to mislead or misrepresent any material fact.

(B). Remove this DOT number from this application as this is a different entity.

RESPONSE:

*The incorrect USDOT number previously identified in the initial application has been removed and clearly marked by strikethrough to reflect its invalidity. The Applicant has subsequently submitted a new application for federal registration under the correct legal entity name, **Peachey's Transport Services, LLC**. As a result, a new USDOT number has been assigned to the Applicant's operations, namely **USDOT No. 8058542 (RV)**. The Applicant respectfully requests that all references to the prior USDOT number be disregarded and that the Commission recognize and utilize the newly assigned USDOT number for all purposes related to this application and the Applicant's operations.*

RFI 3. Question # 10 of the application. The Territory description is not acceptable. Please revise your request or verify that the below example is what you now intend. Please make corrections with the Commission's criteria in mind or verify that the example below is what you now intend.

RESPONSE:

We intend to use the example and definition provided by the Commission, as follows:

**To transport, as a common carrier, by motor vehicle, persons in Paratransit Service, from points in the Centre, Huntington, Juniata, Mifflin and Snyder counties, to points in Pennsylvania, and return.*

RFI 4. Question #3 Verified Statement. The description of your transportation experience was vague; can you please provide the PUC, and/or US DOT #'s, correlating name(s), dates, and duties.

RESPONSE:

The Applicant possesses in excess of fifteen (15) years of experience in the operation of passenger vans and the transportation of passengers to and from their places of employment. In addition to transportation services, the Applicant has substantial experience in the administrative and operational aspects of such activities, including scheduling and dispatching, vehicle maintenance and repair oversight, safety inspections, invoicing and billing functions, and the management of business-related obligations and accounts, including fuel credit accounts, insurance policies, driver qualification requirements, medical certifications, licensing requirements, and other operational expenses.

The Applicant currently holds a valid Commercial Driver's License (CDL) and has maintained the qualifications necessary to operate commercial passenger vehicles.

The Applicant acknowledges that neither he nor any business under his ownership or control has previously operated under the regulatory authority of the Pennsylvania Public Utility Commission (PUC) or the Federal Motor Carrier Safety Administration (FMCSA)/United States Department of Transportation (DOT). Accordingly, the Applicant's experience has been acquired outside the scope of PUC- or DOT-regulated operations.

RFI 5. Question #4 Verified Statement.

(A). Please respond with a clear description of where your vehicles will be parked in relation to the physical address:

RESPONSE:

When not actively engaged in passenger transportation operations, all vehicles utilized by the Applicant will be stored and parked at the Applicant's principal place of business located at 64 Duchess Street, Suite 200, Reedsville, Pennsylvania 17084, as identified in the application. The premises are subject to continuous twenty-four (24) hour per day, seven (7) day per week video surveillance and monitoring for the purpose of enhancing vehicle security and safeguarding company assets.

(B). Please include an explanation of your plan to safeguard sensitive documents.

RESPONSE:

All company records and required business documents will be maintained in a secure manner. Such records will be stored within a locked safe that is permanently bolted to the concrete floor of the facility. The safe is located inside a dedicated records room secured by a steel door equipped with a deadbolt locking mechanism. The room contains no exterior windows, doors, or other points of access from outside the building, thereby providing an additional layer of physical security. Access to these records is restricted to authorized personnel only.

RFI 6. Question #5 Verified Statement. Provide compliant driver hiring and employment policies for 52 Pa code 29.506 Alcohol prohibition and 29.507 Controlled substance prohibition. Who will be conducting drug/alcohol tests? How long will a driver have to wait after using alcohol and/or substances, which would affect driving before the driver will be permitted to drive?

RESPONSE:

In addition to the compliance measures, policies, and procedures previously submitted, and those required under applicable Federal Motor Carrier Safety Administration (FMCSA) and United States Department of Transportation (USDOT) regulations, the Applicant will adhere to all applicable requirements set forth in the Pennsylvania Public Utility Commission's Fitness Program.

To ensure compliance with drug and alcohol testing requirements, the Applicant has retained Accredited Drug Testing, Inc. to administer the Company's drug and alcohol testing program, including the management and oversight of the random testing pool. All drivers and safety-sensitive personnel will be subject to testing and monitoring in accordance with all applicable federal and state regulations, as well as Company policy.

Furthermore, the Applicant maintains a strict substance-use policy prohibiting the operation of any company-owned motor vehicle while under the influence of alcohol, controlled substances, or any other impairing substance. Drivers are prohibited from operating a company-owned motor vehicle within eight (8) hours of consuming alcohol or any substance that may impair their ability to safely perform their duties. Any driver who appears impaired, exhibits signs of impairment, or is otherwise unable to safely operate a motor vehicle shall be immediately removed from service pending further evaluation and appropriate corrective action.

RFI 7. Question #6 Verified Statement. Provide a copy of the registrations/or title sin the name of the applicant (Peachey's Transport Services, LLC.) showing ownership of each vehicle listed.

RESPONSE:

Copies of the current registration certificates for each vehicle identified in the initial application are enclosed herewith for the Commission's review and consideration. The enclosed registrations correspond to the vehicles listed in the Applicant's fleet and are submitted in support of the Applicant's compliance with all applicable regulatory requirements.

RFI 8. Question #8 Verified Statement. Have you made sure a Form E can be provided to PUC with the policy you referred to, with the name Peachey's Transport Services, LLC. nothing else will be accepted.

RESPONSE:

*The Applicant's insurance agent has confirmed that the required Form E may be filed with the Pennsylvania Public Utility Commission in the name of **Peachey's Transport Services, LLC.** The agent has further advised that, in order to properly reflect the insured entity and satisfy the Commission's requirements, a new insurance policy must be issued under the correct legal name of the Applicant, and a corresponding new policy number will be assigned. Upon issuance, the required Form E and supporting insurance documentation will be filed with the Commission in accordance with all applicable requirements.*

RFI 9. The Verified Statement must be signed and dated.

RESPONSE:

The Applicant respectfully notes that it is unclear which specific Verified Statement the Commission is requesting be signed and dated. The Request for Information contains multiple sections and responses identified as "Verified Statement," making it difficult to determine which document requires execution.

Accordingly, the Applicant respectfully requests clarification as to which specific Verified Statement, affidavit, or certification must be signed and dated. Upon receipt of such clarification, the Applicant will promptly execute and submit the requested document.

RFI 10. Financial position.

(A.) Explain what does the \$80,000 liability amount mean? To be clear this amount is due within one year?

RESPONSE:

The \$80,000 liability reflected in the Applicant's financial information represents a long-term obligation financed under a sixty (60) month repayment term. The liability is being satisfied through regular monthly installment payments and does not constitute an immediate or short-term debt obligation. The Applicant remains current on all required payments and continues to meet its financial obligations in accordance with the terms of the financing agreement.

(B.) Provide a copy of a bank statement (with account number redacted), or an official letter from a bank officer, verifying the account holdings for **PEACHEY'S TRANSPORT SERVICES LLC**. The statement or letter should also demonstrate the balance date.

RESPONSE:

A copy of the Applicant's bank statement is enclosed for the Commission's review. The enclosed statement includes the account holder information that was not reflected on the previously submitted copy, thereby confirming ownership of the account.

Additionally, documentation supporting the loan/liability referenced in Response to Request for Information No. 10(A) is enclosed herewith. This documentation is provided to verify the existence, nature, and terms of the obligation previously disclosed by the Applicant.

(C.) Ensure the math works. If you are unsure how to prepare a balance sheet you should consult an accounting professional prior to submitting. Provide an acceptable balance sheet.

RESPONSE:

The balance sheet submitted with the Applicant's initial application is believed to be accurate and complete to the best of the Applicant's knowledge and belief. As the Applicant is a newly formed business entity with relatively straightforward financial operations, the preparation of the balance sheet was not complex in nature. The financial information was compiled and prepared using QuickBooks accounting software and was based upon the Applicant's available business records and supporting documentation at the time of submission.

Accordingly, the Applicant respectfully submits that the balance sheet previously provided accurately reflects the financial condition of the business and should be

acceptable for purposes of the Commission's review unless additional information or clarification is required.

(D.) Give explanations for any changes to the balance sheet.

RESPONSE:

No revisions or amendments are being made to the balance sheet previously submitted with the Applicant's initial application. The Applicant intends to rely upon the original balance sheet as filed and believes it to be accurate and complete to the best of the Applicant's knowledge and belief.

The balance sheet was prepared based upon the Applicant's available financial records and supporting documentation and accurately reflects the financial condition of the business at the time of submission. Accordingly, the Applicant respectfully requests that the Commission utilize the originally submitted balance sheet for purposes of its review and consideration.

5. Initially, we plan to employ 8 (eight) drivers for our business. This number is appropriate as it will allow to staff 7 (seven) of the vans we purchased and plan to use on a daily basis based upon a verbal agreement with local Amish-owned sawmills. We will plan to pickup passengers at their residence and take them to work and return them home each day. Employing 8 (eight) and using 7 (seven) will allow for one individual to be on standby in the case of emergency, breakdown or should somebody call off unexpectedly. Each employee shall undergo a criminal background check, child abuse clearances in case passengers under the age of 18 (eighteen) are aboard the transport vehicle. All employed drivers will be added to the insurance policy where the insurance agent will run a drivers history record and accept or deny the employment offer. All driver's license will undergo an annual verification check used at PAA/Dealertrack/Vitu website. Additionally, will use the attached document (found via Google search engine) as a general guide and to remain in compliance with PA PUC Regulations (where applicable).

Dear PUC Carrier:

You have recently applied for a PUC certificate of public convenience. As a result, you have agreed to undergo a Safety Fitness Review by the Motor Carrier Services and Enforcement Division of the Bureau of Investigation and Enforcement. An Enforcement Officer will contact you regarding an appointment to conduct the review. The Commission encourages you to begin transportation operations immediately upon receipt of your Certificate of Public Convenience.

The review will consist of an examination of the following areas: Controlled Substance/Alcohol Testing, General Requirements, Qualifications of Drivers, Driving of Motor Vehicles, Parts and Accessories for Safe Operation, Hours of Service Requirements, and Vehicle Inspection Repair and Maintenance. This review process is designed to assist you to become compliant with regulatory requirements.

Please utilize this package and obtain a current copy of the Federal Motor Carrier Safety Regulations so you can understand the requirements of the review process and become compliant with the applicable regulations. The Federal Motor Carrier Safety Administration and the Public Utility Commission are working to reduce accidents, injuries and most importantly, fatalities. A Safety Fitness Review of carrier operations provides the educational tools necessary for a carrier to develop safe practices.

Once your first review is completed, the Enforcement Officer will provide you with a list of recommendations of practices needed to be in full compliance. The Commission will then notify you of either a Satisfactory or Unsatisfactory rating. If you receive an unsatisfactory rating, a second review will be scheduled. If a satisfactory rating is not obtained after a second review, your certificate will be cancelled, which will require you to reapply. The Safety Fitness Review process and obtaining a satisfactory rating must be accomplished within 180 days from the issuance date of your certificate. Please feel free to contact our Motor Carrier Safety Office at 717-772-2254 with any questions you may have.

Sincerely,

Inspection Division Staff

Bureau of Investigation & Enforcement

NOTE: If the carrier has a SATISFACTORY safety rating from another state or the federal government within the last twenty-four (24) months, it is not required to submit to the Commission's Safety Fitness Review.

The ELD Rule applies to most motor carriers and drivers who are currently required to maintain records of duty status (RODS). The rule applies to commercial buses as well as trucks. Canada- and Mexico-domiciled drivers are included, unless they qualify for one of the exceptions to the ELD rule. The following are not required to use ELDs (but carriers may choose to use ELDs even if they are not required):

Drivers who use paper logs no more than 8 days during any 30-day period.

Driveaway-towaway drivers (were the vehicle driven is the commodity) or the vehicle being transported is a motor home or a recreation vehicle trailer (at least one set of wheels of the vehicle being transported must be on the surface while being transported)

Drivers of vehicles manufactured before model year 2000.

Carriers must evaluate and select ELDs, and ensure they are installed and drivers and administrative staff are trained to use them by the deadline that applies (December 16, 2019 for carriers using AOBDRs or December 18, 2017) for those using paper logs or logging software. Prior to purchasing an ELD, motor carriers and drivers should confirm with the ELD provider/manufacture that the device is certified and registered with FMCSA.

View a list of self-certified and registered ELDs at <https://csa.fmcsa.dot.gov/ELD/List>
Drivers must understand and be able to use ELDs by the required deadline, including how to annotate and edit RODS, certify RODS, and collect required supporting documents. You will also need to know how to display and transfer data to safety officials when requested.

The ELD final rule does not change any of the basic hours-of-service rules or exceptions. For more information regarding hours-of-service, visit FMCSA's Hours of Service page.
<https://www.fmcsa.dot.gov/regulations/hours-of-service>

Motor Carrier drivers are required to complete a record of duty status or time records, when authorized, for each 24- hour period. Drivers are prohibited from exceeding the established hours of service limitations. The records must be maintained for a period of six months. Drivers of lightweight vehicles are authorized to utilize time records to maintain records of hours of service in lieu of a Record of Duty Status (Log Book).

Applicability- All property certificated carriers are subject to the hours of service requirements with some exceptions for lightweight vehicle operators.

SAFETY FITNESS COMPLIANCE REVIEWS

The Pennsylvania Public Utility Commission evaluates the safety fitness of each motor carrier who has received approval of their application for Pennsylvania intrastate operating authority. The Commission conducts this evaluation through a safety fitness review. This review is an evaluation of a carrier's safety management procedures to determine whether the carrier is prepared to comply with the Commission's driver and vehicle safety requirements. It consists of a brief interview with a carrier representative and a sampling of required carrier safety records.

Applicants from outside the Commonwealth of Pennsylvania will be requested to have a carrier representative come to one of our district office locations (Harrisburg, Harmorville, Scranton, and Philadelphia) and bring a sampling of the required safety records for review.

As a result of the review, a rating of either satisfactory or unsatisfactory is determined. Regardless of the rating, the carrier is required to correct all deficiencies noted on the review report. An unsatisfactory rating achieved on the first review requires the carrier to submit to a second review in approximately 60 days. An unsatisfactory rating earned on a second review subjects the carrier to the Commission's complaint process and cancellation of its certificate of public convenience.

The goal of the Safety Fitness Review is to identify carrier deficiencies and potential problems, and to provide recommendations to establish correct management controls to ensure future compliance.

The following is a list of items and records the motor carrier should have available for the safety fitness review, however, it is **not** a comprehensive list of records required to be maintained by the carrier:

1. Copy of Federal Motor Carrier Safety Regulations
2. Accident Records for preceding 365 days
3. Alcohol and Controlled Substance Testing Records
4. Driver Qualification Files
5. Vehicle Maintenance Files
6. Record of Duty Status or Time Records
7. Supporting Documents for Record of Duty Status
8. Written Policies for Drivers regarding prohibited use of alcohol and controlled substances, speeding and transportation of passengers

Copies of the Federal Motor Carrier Safety Regulations, as well as other required safety record forms, can be obtained from the following sources:
