RE: C-2026-3060964

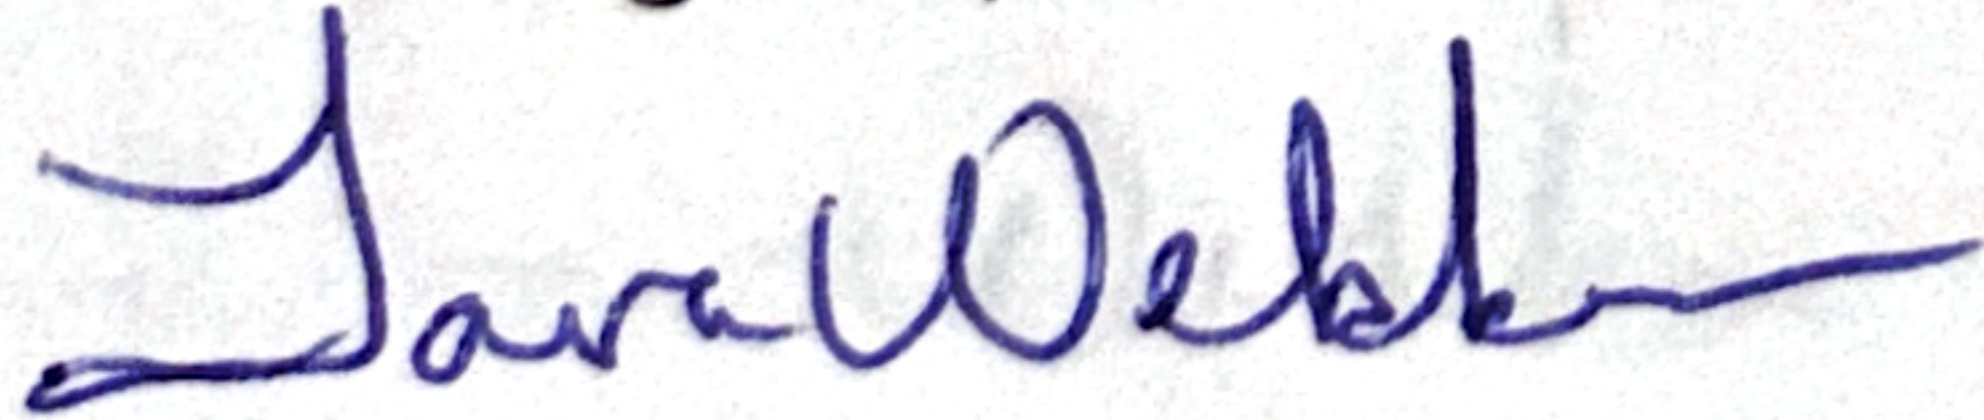

To Whom It May Concern:

I am writing a written response in accordance with the PUC guidelines in reference to the above case number. Although the findings in this complaint seem to be minor in nature and nothing more than mere clerical oversight, the above company does agree with the complaint and takes it seriously.

As you know, our company has a pretty clean record with the PUC, and we would like to continue that moving forward. We try to stay on top of everything to make sure we are compliant, but with anything else, we are not perfect and sometimes make an error.

With that being said, we will pay the fines that were imposed. Also, we are taking steps to ensure that this can be avoided in the future.
