TO ALL PARTIES OF RECORD

Application of Columbia Gas of Pennsylvania, Inc. for approval to alter the public crossing (DOT 979 006 X) by the installation of a 4-inch plastic gas line where Elm Drive (T-582) crosses, at grade, a single track of Stewartstown Railroad Company located in Shrewsbury Township, York County.

To Whom It May Concern:

By application received by the Commission on May 20, 2026, Columbia Gas of Pennsylvania, Inc. seeks Commission approval to alter the public crossing (DOT 979 006 X) by the installation of a 4-inch plastic gas line where Elm Drive (T-582) crosses, at grade, a single track of Stewartstown Railroad Company located in Shrewsbury Township, York County.

Columbia Gas of Pennsylvania, Inc. will be abandoning its existing gas line and installing a new 4-inch medium density polyethylene gas line by horizontal directional boring. The new 4-inch plastic gas line will provide a minimum vertical cover of 15-feet from the bottom of rail to the new pipeline.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, Columbia Gas of Pennsylvania, Inc. states that the proposed installation is necessary or proper to serve a new customer at the I-83 Commerce Center along Elm Drive. Columbia Gas of Pennsylvania, Inc. will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the new facilities, at its sole cost and expense. The cost of the project is anticipated to be approximately \$30,000.

All work is to be performed in accordance with the plans entitled "PROPOSED GAS LINE INSTALLATION UNDER THE TRACKS OF STEWARTSTOWN RAILROAD COMPANY," consisting of one (1) sheet submitted to the Commission with the application.

Columbia Gas of Pennsylvania, Inc. served a copy of the application and plans on Shrewsbury Borough, Shrewsbury Township, the Pennsylvania Department of Transportation, Cable Protection Services, Inc., Armstrong, Pennsylvania Electric Co., Glen Rock Water and Sewer Authority, Verizon North, York Water Co., and C.S., Davidson, Inc. All parties of record, with the addition of York County and Stewartstown Railroad Company, were queried by letter dated May 26, 2026, sent via email as to any objection to the subject application and plans. None of the parties have responded with any objection to the subject application or plans. York County and Stewartstown Railroad Company will be made a party to the subject proceeding since they were not served a copy of the application by Columbia Gas of Pennsylvania, Inc.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.

The Commission issues this Secretarial Letter in accordance with Section 2702 of the Public Utility Code and finds that the alteration of the crossing is necessary and proper for the service, accommodation, convenience, or safety of the public.
