Request for Information

- 1) Please carefully read the following statement and answer the question below:

*Exemption for WASTE, EXCAVATED, AND ROAD CONSTRUCTION MATERIALS –
You may deduct revenue you received from transporting ashes (including anti-skid, flue dust and fly ash), rubbish and waste for disposal. The PUC also allows the exemption/deduction of any revenue you received for transporting excavated materials in dump trucks. The purpose of the excavation is to create a hole or cavity. Removing material of value for use elsewhere is NOT exempt. The PUC also allows the exemption/deduction of any revenue you received for transporting road construction materials if a dump truck is used, and the materials hauled are used solely in a private or public road project including driveways (but NOT parking lots), and the materials are hauled directly to road construction sites or stockpiles. Carriers may not claim a revenue exemption for waste, excavated and road construction material when those materials were transported in five-axle tractor-trailers.*

➤ Are you exempt from all PUC revenue: YES or **NO**.

If you answered YES, you can skip question 2.

- 2) If you are not fully or only partially exempt from PUC revenue, please explain why you exempted yourself fully on previous reports. Also, please explain what part of your transportation services are assessable.
