RE: ***Tentative Order (Docket No. M-2026-3059586) - Comment***

To Whom It May Concern,

Out of an abundance of caution, and with reference to Docket Number M-2026-3059586, Accenture LLP (“Accenture”) hereby challenges revocation of its natural gas supplier license initially issued on June 9, 2025. Accenture represents that neither copy of the invoice mailed by the Commission was received at its address in Chicago, Illinois — the sole reason the invoice remained unpaid. Historically, Accenture has timely remitted payment for the flat annual fee for its Pennsylvania electric generation supplier license.

Additionally, please note that a payment of \$350.00 as remittance for the required flat annual fee was submitted promptly upon becoming aware of the order via overnight mail on June 10, 2026. It is our understanding that the payment has been received and is in process.

Thank you for your attention to this matter. Please do not hesitate to contact me if you have any questions.

Very truly yours,

Brian F. Ellis
