Re: Financial Security Reduction Petition for Electric Generation Suppliers

Dear Ms. Bird:

On April 21, 2026, Renaissance Power & Gas, Inc. (Renaissance Power & Gas) filed a Financial Security Reduction Petition to reduce its financial security with the Pennsylvania Public Utility Commission from 10% to 5% of Renaissance Power & Gas' most recent twelve (12) months of revenue pursuant to the Commission's Order entered July 24, 2014, at Docket No. M-2013-2393141.

The Commission's July 24, 2014, financial security reduction Order states:

"At a minimum, Commission staff will require each EGS seeking this change to:

- 1) Provide its gross revenues for the sale of electricity to retail customers in Pennsylvania for the most recent 12 months;*
- 2) Provide the amount of gross receipts taxes that the EGS has prepaid towards its estimated revenues for the three prior years or the life of its license, whichever is the least period of time;*
- 3) Submit documentation, if the EGS is proposing to utilize a parental or corporate guarantee, that demonstrates that the guarantor meets the required long-term bond rating from two of the approved rating agencies;*
- 4) Provide available AEPS compliance data from the most recent 12 months; and*
- 5) Provide copies of all Department of Revenue documents that support the EGS's request.*

Depending on the nature of the EGS's request, Commission staff may seek more information from the EGS, such as demonstration that the EGS has paid Pennsylvania GRT for the previous calendar year(s)."

Upon review of Renaissance Power & Gas' Financial Security Reduction Petition, we find that the proposed financial security reduction from 10% to 5% does not appear to be unlawful, unjust, unreasonable, or contrary to the public interest.

Accordingly, we will grant Renaissance Power & Gas' Financial Security Reduction Petition to be effective for one year starting July 24, 2026.

The financial security reduction shall be effective for one year and may be renewed annually for additional years by the Commission, provided Renaissance Power & Gas provides annual compliance documentation¹ of its eligibility for a financial security reduction with the Commission's annual financial security review pursuant to 52 Pa. Code Section 54.40(d), (90) days prior to the security expiration/anniversary date. In the event Renaissance Power & Gas does not provide such documentation to the Commission, its financial security reduction will cease and the financial security requirement will revert to 10% of gross receipts.

If you are dissatisfied with the resolution of this matter, you may, as set forth in 52 Pa. Code §5.44, file a petition for reconsideration with the Commission within twenty (20) days of the date of this letter. The petition for reconsideration should be addressed to Secretary Matthew L. Homsher, Pennsylvania Public Utility Commission, 400 North Street, Harrisburg, PA 17120. Additionally, a Petition for Reconsideration MUST include a Verification Statement as follows:
