Docket No. M-2024-3050313

RE: TUS Data Request addressed to Public Utility Distributing Natural Gas Concerning Plastic Pipe Data

Pine-Roe Natural Gas has updated procedures for information capture by identifying required data using such methods as GPS location, keeping updated procedures of construction dates of pipe, dates of installation, location of installation, serial/part numbers of pipe and components installed. Also, by establishing update collection methods by using smart phones and tablets to automate field data collection integrated with existing records keeping procedures including TAG components, scan bar codes, record location data and document installation details.
