Re: PPL Electric Utilities Corporation
Results of Request for Proposal – Alternative Energy Credits July 2026

Dear Mr. Castanaro:

On July 15, 2026, PPL Electric Utilities Corp. (PPL) filed the results of its Request for Proposals (RFP) process and rules to obtain Alternative Energy Credits (AECs) for compliance with Pennsylvania's Alternative Energy Portfolio Standards Act. This filing included bid results for two RFPs held concurrently. One RFP is the second of four (4) scheduled semi-annual solicitations to obtain Alternative Energy Credits (AECs). The second RFP is the second of two (2) scheduled solicitations to obtain Long-Term PA Solar Alternative Energy Credits (LTAECs) for a period of approximately 19 years.

The July 2026 AEC and LTAEC Solicitation filing was submitted in accordance with the RFP Process and Rules filed by PPL on August 27, 2024, as part of a Joint Petition for Settlement related to PPL Electric's default service program DSP VI. The RFP Process and Rules were approved as modified by the Settlement in the Commission's Opinion and Order, entered November 7, 2024, at Docket P-2024-3047290.

The first RFP sought procurement of 16,000 Solar Photovoltaic AECs, 170,000 Tier I AECs, and 276,000 Tier II AECs with a vintage period beginning June 1, 2024, through May 31, 2027. The second RFP sought procurement of 30,000 LTAECs annually for approximately 19 years. We note that the target for the July 2026 LTAEC RFP includes the unfilled target from July 2025 LTAEC RFP. PPL requests that the Commission approve the bid results for both the July 2026 AEC and LTAEC Solicitations by the close of business on July 16, 2026.

Further investigation does not appear to be warranted at this time related to the July 2026 AEC and LTAEC Solicitations, since the results of the solicitations appear to have been conducted in accordance with the RFP Process and Rules as approved by the Commission.

We direct PPL to disclose the results of the July 2026 AEC and LTAEC Solicitations in accordance with the Commission's Secretarial Letter in Re: Disclosure of Default Service Solicitation Results and Creation of a Default Service Rate Calculation Model, issued October 12, 2010, at Docket No. M-2009-2082042.

Please direct any questions to Regi Sam, Bureau of Technical Utility Services, at (717) 772-2151.

Sincerely,

A handwritten signature in black ink, reading "Matthew L. Homsher". The signature is written in a cursive style with a large, stylized "M" and "H".
