Re: Response to Data Requests – Electric Generation Supplier License Application, SoSo Energy Co

Dear Secretary Homsher:

Pursuant to the Pennsylvania Public Utility Commission's Data Request letter dated June 18, 2026, SoSo Energy Co hereby submits its responses and supporting documentation for the Commission's review. The materials enclosed address all outstanding items related to Section 7.b (Financial Fitness), Section 8.e (Technical Fitness), and Section 11 (Affidavits) of the Electric Generation Supplier (Broker/Marketer) Application.

The following documents are included in this submission:

1. Financial Fitness Documentation

- Three recent consecutive months of SoSo Energy Co business bank statements (April 21 – June 30, 2026; the business account was opened April 21, 2026, so the April statement reflects activity from account opening).
- Personal federal and state tax returns (2022–2025).
- Signed financial support letter affirming personal financial backing of SoSo Energy Co.

2. Technical Fitness Documentation

- Detailed professional resume for Mpanda Castelo, Principal of SoSo Energy Co, including full date ranges and descriptions of all relevant technical, regulatory, and utility-sector experience.

3. Corrected Affidavits

- Notarized Application Affidavit.
- Notarized Operations Affidavit.

Both affidavits have been corrected to reflect:

- Applicant: SoSo Energy Co
- Affiant: Mpanda Castelo
- Office of Affiant: Principal

4. Verification Statement (52 Pa. Code § 1.36)

The required verification statement, signed by the affiant, is included with this response.

SoSo Energy Co respectfully submits these materials for the Commission's continued review and stands ready to provide any additional information necessary to complete the evaluation of our Electric Generation Supplier Application.

A courtesy copy of this response has been provided to Mr. Stephen Jakab of the Bureau of Technical Utility Services at sjakab@pa.gov, as requested.

Thank you for your attention to this matter.

Sincerely,

Mpanda Castelo

RE: Electric Generation Supplier License Application

Dear Mr. Castelo:

On May 19, 2026, the Pennsylvania Public Utility Commission (Commission) received SoSo Energy Co's Application for an Electric Generation Supplier (EGS) license. On June 6, 2026, the Commission served a Deficiency Secretarial Letter requesting missing or incomplete information. On June 17, 2026, SoSo Energy Co filed response(s) to the Deficiency Secretarial Letter. In order for us to complete our analysis of SoSo Energy Co's EGS Application, the Commission's Energy Industry Group requires answers to the attached question(s).

Please use the Commission's efilg system or an overnight delivery service to submit the requested information to the Secretary of the Commission **within 30 days** from the date of this letter. The Commission accepts all public documents through our efilg system and strongly recommends companies open an efilg account through the Commission's website at <https://efiling.puc.pa.gov>. Use of the efilg system will ensure that submissions by the company are received timely and receipt can be verified. Failure to respond timely may result in the Application being denied.

If your filing contains confidential material, you are required to either file by overnight delivery or submit to the Secretary's Share Point File system to ensure the timely filing of your submission. Filers should contact the Secretary's Bureau in advance to gain access to the Share Point File system. Make sure to reference the Docket Number listed above and mark the materials "CONFIDENTIAL" in bold or highlighted manner if any of the requested information is deemed to be of a confidential nature.

The overnight address for hard-copy or confidential responses is:

Matthew L. Homsher, Secretary
Pennsylvania Public Utility Commission
400 North Street, 2nd Floor
Harrisburg, PA 17120

Your answers should be verified per 52 Pa Code § 1.36. Accordingly, you must provide the following statement with your responses:

I, [print name of appropriate company representative], hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief, and that I expect to be able to prove the same at a hearing held in this matter. I understand that the statements herein are made subject to the penalties of 18 Pa. C.S. § 4904 (relating to unsworn falsification to authorities).

Please note that all documents requiring notary stamps must have original signatures.

If SoSo Energy Co has decided to withdraw its Application, please reply notifying the Commission of such a decision.

Finally, in order to expedite the Application review process, please send a copy of your response to Stephen Jakab at sjakab@pa.gov. If any problems arise that prevent a full timely response or if any clarification of these data requests is needed, please contact Stephen Jakab of the Bureau of Technical Utility Services via e-mail at sjakab@pa.gov.

Sincerely,

Matthew L. Homsher
Secretary

SUMMARY OF TECHNICAL EXPERIENCE

I have over ten years of direct utility-sector experience supporting commercial, industrial, governmental, and institutional customers within PECO/Exelon's service territory. My work has included detailed analysis of customer billing, tariff interpretation, PLC/NSPL evaluation, load profiling, delivery education, resolution of complex billing disputes, coordination of large-scale infrastructure projects, and translation of regulatory requirements into actionable customer guidance. I have served as the primary liaison between utility engineering, operations, metering, regulatory teams, and high-value customers, ensuring accurate billing, safe and timely project delivery, and compliance with Pennsylvania Public Utility Commission regulations.

My experience includes managing multimillion-dollar customer portfolios, advising customers on rate structures, and helping them understand the impacts of load profiles, demand charges, and tariff riders. I have extensive experience explaining utility billing components, including transmission, distribution, riders, surcharges, and customer-specific adjustments.

PROFESSIONAL EXPERIENCE

SoSo Energy Co — Jenkintown, PA
Principal

2026 – Present

- Provide advisory services to commercial and industrial customers regarding utility tariff selection and delivery billing matters.
- Analyze customer load profiles, PLC/NSPL values, and demand behavior to support delivery-side cost-management strategies.
- Review utility bills for accuracy, identify discrepancies, and assist customers in resolving delivery billing issues.
- Educate customers on the structure of Pennsylvania utility billing, including delivery charges, transmission costs, riders, surcharges, and seasonal rate impacts.

Exelon / PECO Energy Company — Philadelphia, PA
Senior Account Manager

March 14, 2016 – July 17, 2026

Billing, Tariff, and Regulatory Support

- Analyzed customer bills for accuracy, identifying discrepancies in delivery charges, demand calculations, metering data, and tariff applications.
- Resolved complex billing disputes involving metering errors, rate misclassifications, and tariff misapplications.
- Educated customers on utility billing components, including transmission, distribution, riders, surcharges, demand charges, and seasonal rate impacts.
- Interpreted PECO tariffs and PUC-approved rate schedules to guide customers through rate options, billing impacts, and cost-saving opportunities.
- Worked directly with PECO Regulatory and Billing Operations to ensure compliance with PUC rules governing billing accuracy, customer communication, and dispute resolution.

Load Analysis, PLC/NSPL, and Demand-Side Support

- Evaluated customer load profiles, PLC/NSPL values, and peak-period behavior to help customers understand transmission and capacity cost drivers.
- Guided customers through demand-side management opportunities, load-shaping strategies, and energy-efficiency programs.

- Provided detailed reporting and forecasting to help customers plan capital improvements and manage long-term energy costs.

Technical and Operational Coordination

- Managed the end-to-end delivery of 40+ large customer projects annually, including load studies, protection reviews, metering configuration, construction sequencing, and energization planning.
- Coordinated with engineering, field operations, metering, and IT teams to ensure safe and timely project completion for hospitals, manufacturers, data centers, and municipal facilities.
- Supported distributed energy resource (DER) and interconnection projects, ensuring compliance with PECO standards and PUC interconnection rules.
- Led outage-management communication for mission-critical accounts, improving restoration coordination and reducing downtime impacts.

Cross-Functional Leadership and Technical Communication

- Served as the primary liaison between customers and internal utility teams, translating technical and regulatory concepts into clear business guidance.
- Delivered executive briefings, project updates, and technical summaries to C-suite stakeholders, municipal leaders, and economic development agencies.
- Led user acceptance testing (UAT) for Oracle CC&B, overseeing 200+ test cases related to billing accuracy, metering data, and customer account configuration.

Assurant Solutions — Rapid City, SD

2011 – 2016

Regional Sales Director

- Managed enterprise customer relationships and delivered technical product education related to service contracts, billing structures, and claims processes.
- Led a regional team and supported customers in understanding complex contract terms, pricing models, and service delivery requirements.

Leap Telecom — Philadelphia, PA

2009 – 2011

Senior Business Manager

- Managed multi-location operations, customer billing issues, and technical troubleshooting related to telecom service delivery.
- Supported customers in understanding rate plans, billing structures, and service impacts.
