PETITION TO INTERVENE OF Mark Richard Flohr], PRO SE
TO THE PENNSYLVANIA PUBLIC UTILITY COMMISSION:

files this formal Petition to Intervene, pro se, in the above-captioned proceeding, and in

2. Service of all papers, dockets, and communications in this proceeding should be directed to the Petitioner at the address listed above, or via email at mflohr@flohrpools.com.
3. The Petitioner's interest in this proceeding is direct, substantial, and immediate. As a landowner whose property sits directly within the path of the proposed infrastructure, the Petitioner faces the immediate, concrete threat of eminent domain configurations should this Certificate of Public Convenience (CPC) be granted. This unique property interest goes

beyond that of a general ratepayer and cannot be adequately represented by the Office of Consumer Advocate.

4. The Petitioner objects to any corporate consolidation of this docket. Consistent with the Commission's recent determination in the MARL Interlocutory Order (Docket No. A-2026-3060856; June 1, 2026), a decision regarding the core CPC must be fully vetted and finally decided before the Commission can consider the merits of any separate transmission line siting or zoning applications.

5. The Petitioner will be directly, uniquely, and permanently bound by the final orders, actions, and any potential eminent domain authorizations issued by the Commission in this proceeding.

6. The Petitioner objects to this project on the grounds that it will create a significant visual blight while increasing electric utility costs for all customers in Franklin County, Pennsylvania. The proposed transmission line will impose additional costs on electric utility users without providing any corresponding benefit to the landowners or residents of Franklin County. Instead, the project will diminish the value and enjoyment of properties throughout the county. Whether residential, commercial, or agricultural, all Franklin County real property owners will bear the burdens of this project while receiving no meaningful benefit.

WHEREFORE, the Petitioner, Mark R. Flohr , pro se, respectfully requests that the honorable Pennsylvania Public Utility Commission grant this Petition to Intervene, and afford the Petitioner full active party status in all phases of discovery, evidentiary hearings, and final deliberations associated with this docket.

Respectfully submitted,
