Dear Administrative Law Judges Farren and Haas:

At the Prehearing Conference held on July 10, 2026, in the above referenced proceedings, Your Honors directed PPL Electric Utilities Corporation ("PPL Electric") to submit an initial status report by July 20, 2026, containing details agreed upon among the parties related to site visits. On Friday, July 17, 2026, Counsel representing certain of the landowners in this proceeding filed a joint proposed site visit schedule for October 13, 14, and 15, 2026.

PPL Electric is currently reviewing this schedule, including the number of site visits currently proposed and the timeframes for such visits currently proposed. At this time, PPL Electric can advise that, with the exception of the visits proposed for the afternoon of Wednesday, October 16, where no addresses were identified, it appears that the site visits contemplated by this proposal can be accommodated on the dates identified, and that these dates and the general schedule for each date appear acceptable. PPL Electric will continue to work with the parties regarding the proposed site visits and will provide another status report containing the additional information sought by Your Honors, including rain dates, estimated length of visits, parking, designated meeting spots, access to drinking water and protection from the elements, any requested security measures, and accommodations. PPL Electric will provide this further update by Monday July 27, 2026.

Copies will be provided as indicated on the Certificate of Service.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Garrett P. Lent". The signature is fluid and cursive, with the first name "Garrett" and last name "Lent" clearly distinguishable.
