**RE: OPID 38964 – Resubmission of Company Name Change Notification
Docket No. A-2015-2475345**

Dear Secretary's Bureau:

Please accept this letter in support of the resubmission of the company name change notification for PHMSA OPID 38964 and the above-referenced Pennsylvania Public Utility Commission docket.

On June 7, 2024, we submitted a filing through the Commission's eFiling system notifying the Commission that Philadelphia Energy Solutions Refining and Marketing LLC had changed its legal name to Bellwether District Holdings, LLC. The filing was submitted under Docket No. A-2015-2475345 and was assigned eFiling Confirmation Number 2578892. The Commission's eFiling receipt confirms that the filing was received on June 7, 2024 at 3:04 PM and describes the matter as "Philadelphia Energy Solutions Refining and Marketing LLC name change to Bellwether District Holdings LLC."

The name change became effective May 16, 2024 and was strictly an administrative corporate name change. There was no change in ownership, Employer Identification Number (EIN), business address, assets, operations, contractual obligations, or other corporate information. The entity remained the same; only its legal name changed.

As part of the June 7, 2024 filing, we also provided the Commission with the corresponding PHMSA Type A – Operator Name Change Notification. That filing identified OPID 38964 and requested that the operator name be changed from Philadelphia Energy Solutions Refining and Marketing LLC to Bellwether District Holdings, LLC. The PHMSA filing likewise states that the change was administrative and had no legal effect on the entity's ownership, assets, or contractual obligations.

At the time of the corporate name change, our company also changed its email domain. I did not realize that the email address associated with my Pennsylvania PUC eFiling account had not been updated. As a result, although the Commission's eFiling system had successfully received the June 7, 2024 submission, I did not receive or see the subsequent rejection notice that was apparently sent after the Commission reviewed the filing.

Because I was unaware that the filing had been rejected, I continued under the understanding that the company name change had been submitted and was being reflected in the Commission's records.

This later affected our Act 127 Pipeline Registration filings. Those registrations were submitted using the company's current legal name, Bellwether District Holdings, LLC, but were rejected because that name did not match the former company name still associated with the existing Commission docket.

We have now been requested to resubmit the company name change notification through the Commission's online portal. Accordingly, we are resubmitting the notification and supporting documentation so that the Commission's records for Docket No. A-2015-2475345 and OPID 38964 can be updated to reflect the company's current legal name.

For clarity, this filing does not involve a transfer of ownership, change of EIN, transfer of pipeline assets, merger, acquisition, creation of a new regulated entity, or change in operator. It is solely a change in the legal name of the existing entity.

Once the Commission has processed the name change and updated the docket accordingly, we intend to resubmit the previously rejected Act 127 Pipeline Registration filing(s) under the corrected company name.

For reference, we are including copies of the original June 7, 2024 filing materials, including the original notification letter, the PUC eFiling confirmation, the PHMSA Type A Operator Name Change Notification, and the PHMSA submission confirmation. The original filing identified the Secretary's Bureau of the Pennsylvania Public Utility Commission as the recipient and specifically explained that the operator name had changed from Philadelphia Energy Solutions Refining and Marketing LLC to Bellwether District Holdings, LLC.

We respectfully request that the Commission update its records to reflect the name change from Philadelphia Energy Solutions Refining and Marketing LLC to Bellwether District Holdings, LLC. If any additional information or documentation is required to complete this administrative change, please contact me and I will provide it promptly.

Thank you for your assistance in resolving this matter.

Respectfully,

Keith McQuait

RE: OPID 38964 - PHMSA Type A Notification

Dear Pennsylvania Public Utility Commission,

Please be advised that the attached Type A Notification was recently filed with the United States Department of Transportation Pipeline & Hazardous Materials Safety Administration using their online portal.

Hazardous Liquids Pipeline Operator Philadelphia Energy Solutions Refining and Marketing LLC has changed its name to Bellwether District Holdings, LLC. This corporate name change is an administrative update and does not affect the entity's ownership, assets, or any contractual obligations. The previous name, PESRM, may lead to confusion as it was associated with former refinery operations, which have now ceased. The site is currently undergoing redevelopment.

Should you have any questions or require further information, please do not hesitate to contact me using the details below.

Best regards,

Keith McQuait
