JUST ENERGY SOLUTIONS INC. COMPLIANCE FILING

I. Introduction

1. Just Energy Solutions, Inc. (“JES” or “Company”) is an electric generation supplier (“EGS”) authorized by the Pennsylvania Public Utility Commission (“PaPUC” or “Commission”) to provide electric generation supplier services to residential, small commercial, large commercial, industrial and governmental customers in the electric distribution company service territories within the Commonwealth of Pennsylvania. JES received its initial license to operate as an EGS by order of September 15, 1999 at Docket No. A-110117. As a licensed EGS, JES is subject to the Commission’s authority to require it to furnish a bond or other security in order to operate in the Commonwealth of Pennsylvania, pursuant to Section 2809(c) of the Public Utility Code (“Code”) and Section 54.40 of the Commission’s regulations. 66 Pa.C. S. §2809(c); 52 Pa. Code §54.40.

2. Section 54.40(d) of the Commission’s regulations requires EGSs to provide a security level of 10% of the licensee’s reported gross receipts. However, a licensee may seek approval from the Commission of an alternative level of bonding, commensurate with the nature and scope of its operations. 52 Pa.Code §54.40(d). According to the Commission’s regulations, the purpose of the bond is to ensure payment of the Pennsylvania Gross Receipts Tax (“GRT”) and to ensure the supply of electricity at the retail level in accordance with contracts, agreements or arrangements. 52 Pa.Code §54.40(f)(2). On July 24, 2014, after consideration of formal comments submitted to a December 5, 2013 Tentative Order, the Commission found that requiring

an EGS to post a bond or security in the amount of 10% of gross receipts after the first year of operation “may be excessive in relation to the risk intended to be secured, unnecessarily burdening EGSs, and presenting a potential barrier to entry into Pennsylvania’s retail electric market.”¹ Therefore, the Commission announced in the July 24, 2014 Order that it was adopting the policy of accepting applications by EGSs to reduce their level of bonding/security after the first year of operation to 5% of the EGS’s most recent 12 months of gross revenue or \$250,000, whichever is higher. In addition, the July 24, 2014 Order delegated authority to review uncontested requests for a reduction in the level of bonding to the Bureau of Technical Utility Services.² In an Order entered September 20, 2018, the Commission streamlined the process for EGSs to obtain reductions in their annual security obligations and permitted, *inter alia*, the filing of a Compliance Filing for renewal of security rather than a formal Petition.³

3. Based on the July 24, 2014 Order, the September 20, 2018 Order, the Code, the Commission’s regulation at Section 54.40(d) and the following supporting material, JES respectfully requests that the Commission accept and approve its annual security compliance filing.

4. By Secretarial Letter Dated June 14, 2023 at Docket No. A-110117, Utility Code 110117, the Commission approved JES’s February 24, 2023 Petition for a security reduction, effective to November 30, 2023. The Company requests renewal of the security reduction and has provided the information to support an extension of the security reduction in this filing. Similar compliance filings are being made for JES’s two other affiliates - Hudson Energy Services, LLC

¹ *Public Utility Commission Bonding/Security Requirements for Electric Generation Suppliers; Acceptable Security Instruments*, Docket No. M-2013-2393141 (July 24, 2014) (“July 24, 2014 Order”) at 10.

² July 24, 2014 Order at 12-13.

II. Information Provided in Support of Security Compliance Filing

5. This Compliance Filing includes Confidential Attachments 1 through 6.

6. Confidential Attachment 1 provides JES’s gross revenues for the sale of electricity to retail customers in Pennsylvania for the most recent twelve (12) months, and a calculation of 5% of those reported gross revenues.

7. Confidential Attachment 2 is a Pennsylvania Department of Revenue (“DOR”) Statement of Account obtained by JES.

8. Confidential Attachment 3 provides confirmation that JES’s gross receipts tax was paid utilizing a DOR credit.

9. Confidential Attachment 4 is confirmation of AEPS Act compliance. JES is awaiting receipt of proof of AEPS Act compliance which will be filed as a supplement to this filing.

10. Confidential Attachment 5 is confirmation of payment of the commission assessment fee. Proof of payment of the supplemental assessment fee will be submitted when it is invoiced by the Commission and paid.

11. Confidential Attachment 6 is a copy of JES’s renewed security. An original security document is being delivered under separate cover to the Commission.

12. Based on the foregoing information, JES proposes to meet its current security requirement with security reflecting 5% of its most recent twelve (12) months of gross revenue. This amount is reasonable and satisfies the requirements of Section 2809(c) of the Public Utility Code and Section 54.40 of the Commission’s regulations. 66 Pa.C. S. §2809(c); 52 Pa. Code §54.40.

III. Relief Requested and Conclusion

JES respectfully requests that its Compliance Filing be accepted and approved.

Respectfully submitted,

Dated: August 31, 2026
