STATEMENT OF VICE CHAIR KIMBERLY BARROW

Before us is Peoples' Response to the March 26, 2026 Order seeking supplemental information and stakeholder comments on Peoples' Amended Petition. Specifically, Peoples stated that it is withdrawing its request to implement a CAP auto-enrollment process.

I would have preferred to see Peoples continue its endeavor to implement CAP auto-enrollment. I hope to see a CAP auto-enrollment proposal in Peoples' next USECP filing that is responsive to the questions/issues raised in this proceeding. Thank you.
