Re: Conneaut Lake Park Water Corporation, Inc. Tariff Supplement No. 3 to Water - Pa.
P.U.C. No. 1
Docket No. R-2026-3064386

Dear Mr. Homsher:

As requested by Mr. Paul Zander, Bureau of Technical Utility Services, enclosed please find the updated notice to customers of the proposed rate increase in connection with proposed Tariff Supplement No. 3 to Tariff – Water Pa. P.U.C. No. 1 requesting an increase in base rates for all customer classes served by Conneaut Lake Park Water Corp., Inc. This updated notice has been mailed to all customers. The update reflected the corrected percentage increases discovered while responding to TUS Data Request Set 1. We have also corrected the Press Release and sent it out to the Meadville Tribune.

Thank you.

Very truly yours,

MacDONALD, ILLIG, JONES & BRITTON LLP

Conneaut Lake Park Water Corporation, Inc.

UPDATED NOTICE OF PROPOSED RATE CHANGES

To Our Customer:

Conneaut Lake Park Water Corp., Inc., ("Company") is filing a request with the Pennsylvania Public Utility Commission (PUC) to increase your water rates as of October 7, 2026. This updated notice corrects the percent increase of the rates. This notice also describes the company's rate request, the PUC's role, and what actions you can take.

The Company has requested a three-year incremental rate increase for the monthly flat rate unmetered residential customers from \$38.71 to \$51.85 for the first year, from \$51.85 to \$62.35 for the second year, and from \$62.35 to \$73.85 for the third year. If the company's entire request is approved, the total bill for a residential customer would increase by 34% in the first year, 20% in the second year, and 18% in the third year.

The Company has requested a three-year incremental rate increase for the monthly flat rate unmetered commercial or industrial customer would increase from \$240 to \$355 per month for the first year, from \$355 to \$420 for the second year, and from \$420 to \$475 for the third year. This is an increase of 48% for the first year, 18% for the second year, and 13% for the third year.

The Company has requested a three-year incremental rate increase to the minimum charge for metered commercial and industrial customers from \$38.71 to \$355 for the first year, from \$355 to \$420 for the second year, and from \$420 to \$475 for the third year. This is an 817% increase for the first year, a 18% increase for the second year, and a 13% increase for the third year. This significant increase is due to a significant drop in usage from these customers since the last rate case.

Lastly, the Company has requested a three-year incremental rate increase to the charge per 100 gallons used for metered commercial and industrial customers for customers who are metered based on usage, the cost per 100 gallons of water usage will increase from \$1.29 to \$2.10 in the first year, from \$2.10 to \$2.35 in the second year, and from \$2.35 to \$2.55 in the third year. This is an increase of 63% for the first year, 12% for the second year, and 9% for the third year.

When the minimum charge and usage rate increases are applied to the new anticipated usage of the unmetered commercial customers, the expected percentage increase in year 1 is more in the 200% range over what was paid in the test year. The increase for the minimum charge for the unmetered commercial customers is overstated.

To find out your customer class or how the requested increase may affect your water bill, contact Conneaut Lake Park Water Corp., Inc., at 814-225-7985. The rates requested by the company may be found in Supplemental Tariff No. 3. You may examine the material filed with the PUC which explains the requested increase and the reasons for it. A copy of this material is kept at Conneaut Lake Park Water Corp., Inc.'s, office.

The state agency that approves rates for public utilities is the PUC. The PUC will examine the requested rate increase and can prevent existing rates from changing until it

investigates and/or holds hearings on the request. The company must prove that the requested rates are reasonable. After examining the evidence, the PUC may grant all, some, or none of the request or may reduce existing rates.

The PUC may change the amount of the rate increase or decrease requested by the utility for each customer class. As a result, the rate charged to you may be different than the rate requested by the company and shown above.

There are three ways to challenge a company's request to change its rates:

1) You can file a formal complaint. If you want a hearing before a PUC judge, you must file a formal complaint. By filing a formal complaint, you assure yourself the opportunity to take part in hearings about the rate increase request. All complaints should be filed with the PUC before October 7, 2026. If no formal complaints are filed, the Commission may grant all, some or none of the request without holding a hearing before a PUC judge.

2) You can send the PUC a letter telling why you object to the requested rate increase. Sometimes there is information in these letters that makes the PUC aware of problems with the company's service or management. This information can be helpful when the PUC investigates the rate request.

Send your letter or formal complaint form to the Pennsylvania Public Utility Commission, Post Office Box 3265, Harrisburg PA 17105-3265.

3) You can be a witness at a public input hearing. Public input hearings are held if the PUC opens an investigation of the company's rate request and if there is a large number of customers interested in the case. At these hearings you have the opportunity to present your views in person to the PUC judge hearing the case and the company representatives. All testimony given "under oath" becomes part of the official rate case record. These hearings are held in the service area of the company.
