Docket Number M-2026-3059584

PA PUC

I am responding to the Tentative **Order M-2026-3059584** on Big Bang Energy Group LLC for the “wet” signature surety bond that was requested. Due to a clerical oversight the employee failed to send the bond. I am enclosing the original bond with wet signature and raised seal. This is being mailed to the PA PUC secretary USPS Priority tracking number 9470130109355018726728. This should now satisfy the requirements of the PA PUC and therefore remove the cancellation process for Big Bang Energy Group LLC.

Please follow up with an email to sp@venturagroupinc.com to notify me of the rescinding of the cancellation.

Sincerely

Shira Parnes
