THIS TARIFF INCREASE USER RATES

(SEE PAGE 2)

LIST OF CHANGES MADE BY THIS SUPPLEMENT

THIS IS SUPPLEMENT NO. 10 TO TARIFF NO. 4

- This Tariff Supplement No. 10 to Tariff No. 4 increases rates for all sewer service in all rate classes by approximately 44.2%, which is inclusive of the Pennvest Surcharges being removed in this tariff. (I)
- The Pennvest Surcharges will be set to zero in this tariff as the Pennvest Loan will reach maturity before the end of the Fully Projected Future Test Year (December 31, 2027). (D)
- Under the Rules and Regulations – there are changes to the tariff language for section 4. Bills Due and Payable and Section 5. Deposits and Credit Standards (C)
- The Company is proposing to decrease the minimum deposit amount. (D)

SCHEDULE OF METER RATESApplication

This schedule is available to all Domestic, Commercial and Public Service customers, based upon water consumed and having metered water supply services.

All customers served under this schedule shall be subject to a monthly customer charge of \$18.39, (I) plus a consumption charge based upon the following volumetric rates:

VOLUMETRIC RATES

	Per 1,000 <u>Gallons</u>	
For the first 10,000 gallons per month	\$15.1381	(I)
For the next 16,000 gallons per month	\$13.5008	(I)
All over 20,000 gallons per month	\$8.1623	(I)

Where more than one Residential or Commercial unit (fixed or mobile) is served through a single meter, the charge shall be determined by the average water usage per unit. The average water usage per unit shall be determined by dividing the water registered by the meter by the number of units served through such meter. This average usage is calculated on the above rates and is subject to customer charges the same as any other Residential or Commercial customer. The resulting charge is then multiplied by the units served to determine total charge for such meter.

(I) Indicates Increase

SCHEDULE OF METERED RATES
(CONTINUED)

Application

Sewage rates for Industrial customers shall be charged on the basis of water consumed via metered water supply service.

FLAT RATES

Should an Industrial customer determine and establish to the satisfaction of the Company that the majority of metered water is consumed in the Industrial process and not entering the sanitary sewer lines as sewage or industrial waste, the customer may request Flat Rate Service, whereby, such customer shall be billed on an employee count as provided herein. The Reynolds Disposal Company reserves the right to review the disposition of industrial wastes at any time service is in force.

<u>Industrial Service</u>	<u>Net Rate</u> <u>Per Month</u>
Per individual employee including employer and employees	\$30.66 (I)

Industrial customers having their own source of water which does enter sewer lines shall furnish metering devices with prior approval of such device by the Company and will be billed on the basis of water consumed.

(I) Indicates Increase

SCHEDULE OF FLAT RATESDomestic and Commercial Service

Domestic Service

The following flat rate for domestic service shall apply to single family dwellings having their own unmetered water supply. Should a second facility (apartment, mobile home, etc.) be added to an existing service, same shall be billed as an individual domestic unit.

<u>Domestic Service</u>	<u>Per Month</u>	
Each Domestic Unit	\$93.53	(I)

Commercial Service

The monthly rate for Commercial Service customers having their own source of unmetered water shall be as follows:

Basic commercial customer with no more than two (2) individual (men and women) rest rooms, one (1) floor drain, one (1) supply sink, one (1) utility sink and one (1) drinking fountain shall be classed as single commercial.

Each additional connection (stack tap or floor drain) shall be added at the rate indicated below.

Known heavy users, such as Laundromats, car washes, or other water-intensive customers shall be billed at the same rates as metered customers with such quantities estimated on a monthly basis by a representative of Reynolds Disposal Company.

If such estimates are questioned by the customer, it shall be the responsibility of the customer to furnish metering devices with prior approval of such device by the Company.

<u>Commercial Service</u>	<u>Per Month</u>	
Each Commercial Unit	\$96.41	(I)

(I) Indicates Increase

PENNVEST LOAN REPAYMENTAPPLICATION

This schedule applies to all customers regardless of service classification and is applied to all billing, whether based on gallons of usage or flat rate.

RATES

Metered	\$ 0.00 per 1,000 gallon	(D)
Unmetered: Residential and Commercial	\$0.00 per month	(D)
Industrial - Per Individual Employee	\$0.00 per month	(D)

STATE TAX ADJUSTMENT SURCHARGE

A surcharge of 0.0% will apply to all services rendered on or after January 1, 2008. (D)

The above surcharge will be recomputed, using the same elements prescribed by the Commission.

- (a) Whenever any of the tax rates used in calculation of the surcharge is changed.
- (b) Whenever the utility makes effective any increased or decreased rates.
- (c) And on March 31, 1986, and each year thereafter.

The above recalculation will be submitted to the Commission within 10 days after the occurrence of the event or date which occasions such recomputation, and that if the recomputed surcharge is less than the one in effect, the Utility will, and if the recomputed surcharge is more than the one then in effect, the Utility may submit with such recomputation, a tariff or supplement to reflect such recomputed surcharge the effective date which shall be 10 days after filing.

- (I) Indicates Increase
- (D) Indicates Decrease

RULES AND REGULATIONS

These Rules and Regulations are a part of the contract with every Customer who utilizes the sewage facilities and every such Customer, by utilizing the facilities, agrees to be bound thereby.

1. APPLICATION FOR SERVICE LINE AND SERVICE

Any property owner desiring the introduction of a service line from the Company's main to his or her premises must first make written application on a form furnished by the Company. The application must be signed by the property owner or his duly authorized attorney.

Any person, whether owner or tenant of the premises occupied, desiring sewage facilities, must first make written application on a form furnished by the Company, which must be approved by the Company before facilities are utilized. The party making the application will be considered the Customer under this contract and will be responsible for all sewage bills and proper observance of the Rules and regulations.

No owner or tenant of any premises connected with the sewer lines of this Company will be allowed to permit another person or premises to use or connect with his service line, not stipulated by his or her application or otherwise, except upon written permit from the Company. Any violation of the Rules and Regulations of the Company shall render the contract between the Customer and The Company void, and service will be discontinued, remaining so until such time as the Company is satisfied that the Customer will observe the Rules and Regulations. Service will not be reconnected until the actual costs of the discontinuing and reconnection are paid in full.

2. DEFINITIONS OF CUSTOMER:

“Customer” as used herein shall be the party contracting for service to a property as hereinafter classified, i.e.,

- (a) A building under one roof and occupied by one family or business, or
- (b) A combination of buildings in one common enclosure, occupied by one family or business, or
- (c) The one side of a double house occupied by one family or business having a solid vertical partition wall, or
- (d) One side or part of a house occupied by one family or business, even though the closed and/or other fixtures be used in common, or
- (e) Each apartment in a building having more than one apartment, or
- (f) Each apartment, office or business in a building having a number of apartments and/or offices and/or businesses, or
- (g) Each trailer or mobile home occupied by one family or business.

2.1 CLASS OF GENERAL SERVICE:

- (a) Metered Residential Class: An individually metered dwelling unit intended for human habitation (including a detached house, townhouse, and mobile home) or an individually metered home or building consisting of not more than two dwelling units.
- (b) Metered Multiple Family Class: A multiple metered dwelling unit (apartment complex and mobile home parks) where more than two dwelling units are served by only one meter. The owner(s) of the complex is responsible for the bill based on metered rates as set forth by this tariff.
- (c) Metered Commercial Class: A building, store, restaurant, or office which is primarily a site for buying or selling of goods or the provision of professional or consumer services. In addition, warehouses, Laundromats, and car washes are included in this class.
- (d) Metered Industrial Class: A building or factory that is primarily a site for the manufacture or production of goods.
- (e) Metered Public Class: A public building, library, park, or playground, which is owned by a governmental unit that has the power of taxation
- (f) Un-metered Residential Class: An individually dwelling unit intended for human habitation (including a detached house, townhouse, or mobile home) or an individual home or building consisting of not more than two units. The Customer is responsible for the bill for sewage disposal service based on flat rates as set forth by this tariff.
- (g) Un-metered Commercial Class: A building, store, restaurant or office which is primarily a site for buying or selling of goods or the provision of professional or consumer services. In addition, warehouses are included in this class. The Customer is responsible for the bill for sewage disposal service based on flat rates as set forth by this tariff.
- (h) Un-metered Industrial Class: A building or factory that is primarily a site for the manufacture or production of goods. The Customer is responsible for the bill for sewage disposal service based on flat rates as set forth by this tariff.

3. SERVICE CONNECTIONS

No sewer connection, or disconnection, shall be made except under the supervision, control, and approval of the Company's authorized representative.

Connections will be permitted to wyes which were placed in position when sewer was constructed, or by sewer cuts, or into manholes already provided, at the discretion of the Company's authorized representative. Sewer connections shall be installed only by experienced plumbers or excavators bonded to work in Pymatuning, Delaware, and Hempfield Townships and approved by the Company prior to start of work.

3. SERVICE CONNECTIONS (continued):

Upon the approval of the application for a connection to the sewer system, the applicant shall furnish all necessary pipe, fittings, or other appurtenances necessary to complete the connection to the Company's sewer main in a manner satisfactory to the Company's authorized representative.

Service laterals shall be six (6") inch diameter as the minimum size and shall extend, uninterrupted, from the tap into the sewer main to the inside of the structure. A minimum four (4") inch diameter clean-out with screw cover shall be placed in the line before internal plumbing connections are continued.

Service lines from premises to the mains shall be laid by Applicant's contractor, at his expense, on hard bottom or in concrete if in rock or soft bottom. Sewer pipes shall be best quality standard hard-burned, salt-glazed, vitreous-China pipe, cast iron, or P.V.C., with the centers of pipe in one and the same straight line, true to grade. All joints shall be sealed water tight as recommended by the manufacturer of each respective type of pipe used, with installation, bedding, etc. in accordance with manufacturers' recommendations and approved by the Company. After all pipe is laid, and before any ditch is closed, the work must be inspected and approved by the Company's representative.

All service laterals to any residence or other facility shall be vented in accordance with all standard plumbing procedures with the requirements of the Pennsylvania State Plumbing Code as minimum.

Any lateral installed to service a commercial establishment that serves, or plans to serve any time in the future, cooked food of any type for customer consumption shall have an approved grease trap of sufficient size as determined by the Company, in line to remove any and all grease from the sewage discharge into sewer mains. Said grease trap shall be cleaned and maintained by the Applicant at sufficient intervals to insure proper operation.

The owner shall be responsible for any and all injury or damage in consequence thereof and/or resulting here from.

No work shall be covered or concealed in any way until inspected and approved by a representative of the Company.

Before any pipe is laid in a dry trench, the trench shall be evenly graded, the minimum grade being one-quarter (1/4") inch fall to the running foot. After the pipe is laid and all joints sealed and tested by either standing water or air, the loose earth or other recommended fill shall be carefully tamped about the pipe and, to a depth of six (6") inches above top of pipe when coarser materials may be backfilled.

Where ground has been filled in, or in wet places, medium weight iron soil pipe shall be used with lead joints properly caulked.

No old drains shall be used unless passed upon and accepted by a representative of the Company.

No roof, storm, surface, or ground water of any nature shall be allowed to enter the sewer system. No connection will be allowed with any cesspool, privy, vault, cistern, or other depository. No steam pipe or pipes will be permitted to be connected with Company sewer.

3. SERVICE CONNECTIONS (continued):

Any existing vent pipe from a trap which permits surface water to enter the sewer system shall be repaired so that the top of the said vent pipe is at least six (6") inches above the top of the adjacent ground level.

No repairs, alterations, or additions to any drain or sewer connection with the Company's sewer shall be made, unless the person desiring to make the same shall first make application to and receive permission from the Company for doing so.

Connections with sewers where same are run through private property shall in all respects be governed by these Rules and Regulations.

4. BILLS DUE AND PAYABLE

(C)

All bills will be rendered monthly by the 10th of each calendar month and are due and payable within twenty (20) days for the service rendered during the previous month. If bills are not paid within twenty (20) days from the date same are due, 1.5% interest per month on the full unpaid and overdue balance of the bill will be added. If bills are not paid within thirty (30) days after same are due, a ten (10) day notice will be given, after which if the bill is not paid, the service will be disconnected from the premises of the delinquent Customer. Such Customer's service will not again be reconnected nor will the Customer be allowed to reconnect, except upon payment of all arrearages, plus the costs of discontinuing and reconnecting, or upon certification by a physician that an occupant is seriously ill or affected with a medical condition which will be aggravated by failure to restore service. After service is once disconnected for non-payment of these bills, this Customer will be required to make a deposit as stipulated in these Rules.

In the case of bills for service to the Commonwealth of Pennsylvania or any Department or Institution thereof, the delayed payment charges applicable to all schedules is extended so as to provide a thirty (30) day period during which payment may be made at net rates.

Failure to receive a bill shall not relieve Customer from payment obligation or entitle any Customer discount. The presentation of a bill to a Customer is only a matter of accommodation and not a waiver of this Rule.

If bills are paid by mail, the date of the postmark will be considered the date of payment.

Any bill regarding which the Customer, within thirty (30) days, has not served written protest to the Company shall be considered an undisputed bill. The payment of any undisputed bill shall be payment of the bill with or without delayed payment charge, within thirty (30) days following presentation of the bill, or the payment of any contested bill, payment of which is withheld beyond the period herein mentioned and the dispute is terminated substantially in favor of the Customer and payment made by the Customer within ten days thereafter.

(C) Indicates Change

5. DEPOSITS AND CREDIT STANDARDS

(C)

A. DEPOSITS

The Company reserves the right to require a deposit equal to the estimated gross bill for any single billing period plus one month, the maximum period not to exceed four months, with a minimum of \$50 (D) to secure payment of sewage disposal service rendered and damages to Reynolds Disposal Company property, where the credit of the Customer has not been established to the satisfaction of Title 52 Pa. Code Chapter 56. Upon receiving this deposit, the Company will pay simple interest at the rate of the average of one-year Treasury Bills for September, October, and November of the previous year, unless otherwise required by law. Upon deposits held for more than one year, at the option of the Company or the Customer, interest earned may be applied to service bills.

The Company will refund said deposit on notice to discontinue service and after payment in full has been made for all service rendered, or when the Customer shall have paid undisputed bills for service over a period of twelve consecutive months, beginning at any time subsequent to June 1, 1946, and any Customer having secured the return of a deposit shall not be required to make a new deposit unless the service has been discontinued and the Customer's credit standing impaired through failure to comply with tariff provisions, or whenever a Customer has been delinquent, as defined in Title 52 Pa. Code Chapter 56, in the payment of any two consecutive bills, or three or more bills within the preceding 12 months.

B. CREDIT STANDARDS

(C)

The Company will provide residential service to new customers without requiring a security deposit when the applicant meets one of the following requirements:

- OWNERSHIP OF REAL PROPERTY. The applicant owns or has entered into an agreement to purchase the property for which the customer is applying for service.
- PRIOR UTILITY PAYMENT HISTORY. The applicant has been a recipient of the Company's sewage disposal service within a period of 48 consecutive months preceding the date of the application and was primarily responsible for payment for such service. So long as:
 1. The service of the applicant was not terminated for nonpayment during the last 12 consecutive months of that prior service.
 2. The applicant does not have an unpaid balance for that prior service.
- CREDIT INFORMATION. The applicant provides information demonstrating that the customer is not an unsatisfactory credit risk. The absence of prior credit history does not, of itself, indicate an unsatisfactory credit risk.

(C) Indicates Change.

(D) Indicates Decrease.

- A customer will be considered a credit risk when the customer has been delinquent in the payment of any two consecutive bills or three or more bills within the preceding twelve months.

6. LEAKS, STOPPAGES, AND/OR DEFECTIVE PLUMBING

The Company shall not be liable for any damage or expense resulting from leaks, stoppages, or defective plumbing or from any other cause occurring to any premises or within any house or building; and it is expressly stipulated by and between the Company and the Customer that no claims shall be made against the said Company on account of the breaking, stoppage or any damage or expense to any part of the service line lying on said property.

7. PENALTIES FOR UNLAWFUL USE

It will be necessary to have a permit from the Company before making any connection to any main, service line, or pipe controlled by the Company. The Company will seek redress through Clause 5, Section 34, of the Act entitled "The General Corporation Act of 1874" for any violation of this Rule.

8. THE COMPANY CAN CONTROL SERVICE

The Company shall not be liable for a deficiency or failure of service when occasioned by an emergency or to make repairs, connections, or failure from any cause beyond control. The Company reserves the right to restrict service whenever the public welfare may require it.

9. VACATING PREMISES

When the premises are vacated, the Customer must give at least seven (7) days' notice to the office of the Company that the service may be terminated, and the Customer will specify the date on which it is desired that service be discontinued. In absence of such notice, the Customer will be responsible for the sewage service

9. VACATING PREMISES (continued)

until such notice is given. Customers desiring an abatement from sewage bills shall report same in writing or call in person at the office of the Company. All vacancies shall date seven (7) days from the day reported at the office of the Company. When vacancy is properly reported, an allowance will be made for the period of vacancy, but not for less than one month.

A new application must be made on any change of Customers, on a property as heretofore described, and the Company shall be at liberty to discontinue the service until such new application has been made and approved.

(C) Indicates Change.

10. INDUSTRIAL AND COMMERCIAL SERVICE

If any industrial and/or commercial Customers discharge such an industrial or commercial waste so that the Sewage Treatment Plant is unable to satisfactorily treat such waste the Customer will provide, at his own expense, such primary treatment that may be necessary before such waste is discharged into the mains of the Company. The Company will not be liable or bound to increase the operations of its Sewage Treatment Plant to accommodate such industrial or commercial waste.

11. PRIVILEGE TO INVESTIGATE

The Company shall have the right, by its employees, to have access at all reasonable times to all parts of any premises connected with the system for the purpose of examining and inspecting the connections and fixtures, or for disconnecting service for any proper cause.

12. FURNISHING METERED SERVICE

The basis of determining the quantity of sanitary sewage delivered to the mains of the Company shall be taken from the actual meter records of the Reynolds Water Company and the quantity of water consumed shall constitute the exact amount of sewage delivered to the gathering system of the Company. In case a water meter stops registering, consumption for purposes of applying this tariff will be estimated by Reynolds Water Company.

13. CHANGING RULES OR RATES

The Company reserves the right to change or amend, from time to time, these Rules, Regulations, and Rates, in accordance with the law.

14. RULES CANNOT BE VARIED NOR COMPANY BOUND

No officer or employee of the Company can vary these Rules without action of the Board of Directors, and no agent or employee of the Company can bind it by any agreements or representations except when authorized in writing by an executive officer of the Company to do so.

21. MAIN EXTENSIONS

21.1 General Provisions

- (a) The Company will extend existing collection mains for any bona fide prospective Customer making application for sewage disposal service therefrom for a period of one (1) year or more under these Rules and Regulations. Such extensions will be made at the cost of such Customer(s) subject to the provisions of Subsection (b) below.
- (b) When an extension to serve a bona fide prospective Customer is required or requested, such extension will be made under the terms of either an "Extension Deposit Agreement," or a "Non-Refundable Contribution Agreement," as hereinafter set forth. The bona fide prospective customer requesting the extension shall be given the option of entering into an Extension Deposit Agreement or a Non-Refundable Contribution Agreement provided however, the Company shall have the unqualified right to require that the requested extension be made pursuant to a Non-Refundable Contribution Agreement if, in the Company's sole judgement, it determines that construction of the requested extension pursuant to an Extension Deposit Agreement would not be economically justified for, or otherwise in the interest of the Company and its customers. The Company shall have the exclusive right to determine the type, size and locations of mains to be installed and the other facilities required to render adequate service. Should it be necessary, in the Company's opinion, to extend beyond the mid point of the lot of the prospective Customer to eliminate future maintenance problems and to provide a more adequate and reliable service, this additional extension shall be part of the total main extension whenever the extension does not exceed 150 feet. All estimated or actual cost figures referred to in the "Extension Deposit Agreement" or in the "Non-Refundable Contribution Agreement" shall include a reasonable allowance for overhead costs.
- (c) In determining the length of and necessity for any extension required pursuant hereto, the terminal point of such extension shall, in all cases, be at the point in the curb line which is equidistant from the side property lines of the last lot for which sewage disposal service is requested, except as provided in Paragraph Subsection (b) above wherein it may be necessary to extend beyond the mid-point of the last lot and connect to an alternate existing main to provide a more adequate and reliable service. A lateral service connection will be permitted only when Customer service lines from the premises to be served are laid in a straight line at an appropriate angle to provide the best drainage flow to the main.
- d.) For the purpose of this rule:

"Bona fide prospective customer" shall mean any owner or lessee who is or will be the occupant of an existing developed premise having a curb line abutting on that part of a street or public highway in which there is, or is to be, located a collection main of the Company, who shall file a signed application for a new street service connection to such premises and for sewage disposal service to begin immediately following installation of the service lateral connection.

"Lateral service connection" shall mean a service lateral with appurtenances used to carry domestic sewage from a residence to the collection main at curb line.

21. MAIN EXTENSIONS (continued)**21.1 General Provisions**

- e.) Lateral service from a residence shall not pass through or across any premises or property other than that to be supplied, and no connection or plumbing in any premises shall be extended therefrom to adjacent or other premises. Lateral service connections will not be permitted to cross intervening properties even with the protection of easements. Only Customers owning property in fee which directly abuts a street wherein there is an existing main of the Company will be permitted to attach a Lateral service connection to the Company's main for the purpose of discharging domestic sewage. It is understood that such property owned in fee by the said prospective Customer shall be a complete standard building lot, which complies with the existing zoning laws and regulations of the municipality in which such property is located. It is further understood that if such property owned in fee by a Customer is subsequently sold, the purchaser of such property will be entitled to receive sewage disposal service upon compliance with all of the provisions of this tariff, but that the seller of such property shall only be entitled to continue to receive service if such seller complies with all of the provisions of this tariff.

21.2 NON-REFUNDABLE CONTRIBUTION

THIS AGREEMENT entered into this _____ day of _____, _____, by and between Reynolds Disposal Company hereinafter called the "COMPANY" and _____ hereinafter called the "BUILDER."

WHEREAS, the BUILDER desires extension of the sanitary sewage collection mains of the COMPANY, as hereinafter described;

NOW, THEREFORE, this agreement WITNESSETH:

FIRST: THE COMPANY contracts and agrees to lay the sewage collection main(s) (and other facilities, if any) as shown in red on the diagram hereto attached and made a part hereof described and located as follows:

SECOND: It is expressly understood and agreed that if the COMPANY shall be delayed or prevented from installing the sewage collection main(s) (and other facilities, if any) hereinabove described because of its failure to secure pipe or other construction materials, or for any other causes beyond its control, such failure or delay in performance shall be excused; provided, however, if such failure or delay in performance shall extend for a period of more than one (1) year from the date thereof, the BUILDER shall have the right to cancel and terminate this agreement on thirty (30) days' written notice to the COMPANY, and thereafter both parties shall be relieved of all duties and obligations arising hereunder. But this right to cancel and terminate by the BUILDER shall not be invoked if the COMPANY has received the construction material and the BUILDER has made the deposit as hereinafter required, in which event the COMPANY shall have the obligation to prosecute the work diligently to its completion.

21. MAIN EXTENSIONS (continued)

21.2 NON-REFUNDABLE CONTRIBUTION

THIRD: The BUILDER hereby agrees to deposit with the COMPANY, upon notice from the COMPANY that it is prepared and able to go forward with the work provided in Paragraph First hereof, an amount in cash equal to the Estimated Cost determined as follows:

The Estimated Cost shall include the total cost of the extension including the total cost of said main(s) and the total cost of any other facilities which the COMPANY shall have decided are required to render adequate service.

Upon such written notice, a Preliminary Memorandum in the form attached shall be prepared and signed by both parties showing the deposit required in accordance with foregoing provisions. Upon completion of the installation of the extension, a Final Memorandum in the form attached shall be prepared and signed by both parties showing the deposit required based on the same calculation as set forth above but by using the actual cost of the extension, including the actual installation cost of the mains and other facilities, for the Estimated Cost. If the deposit shown to be due on the Final Memorandum differs from that shown on the Preliminary Memorandum, the BUILDER will deposit any additional amount shown to be due or the COMPANY will refund to the BUILDER any excess amount shown to have been deposited, it being the intent of this agreement that the deposit required shall be based on actual installation cost.

FOURTH: The COMPANY hereby agrees to refund to the BUILDER during the period of ten (10) years from actual date of deposit a Per-Customer Refund Amount for each additional bona fide prospective Customer for whom a street service connection shall be directly attached to such main extension, as distinguished from extensions or branches thereof; provided however, that the total amount refunded shall not exceed the original deposit, without interest, and that all or any part of the deposit not refunded within said 10-year period shall become the property of the COMPANY. The Per-Customer Refund Amount shall be an amount equal to the average actual completed cost of thirty-five (35) feet of the said extension.

FIFTH: The BUILDER may request refunds under Paragraph FOURTH, once in each Calendar quarter, furnishing the COMPANY, at such time, a listing of additional bona fide prospective customers; however, failure on the part of the BUILDER to make such request shall not constitute a waiver of any rights hereunder or relieve the COMPANY of the obligation to make refunds with reasonable promptness.

SIXTH: The ownership of the sewage collection main(s) laid, and appurtenances installed hereunder, shall at all times be in the COMPANY, its successors, and assigns.

SEVENTH: This agreement shall be valid and binding on the COMPANY only when executed by its President or Vice President.

EIGHTH: This agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the respective parties.

21. MAIN EXTENSIONS (Continued)

21.2 NON-REFUNDABLE CONTRIBUTION (continued)

NINTH: Any notice given hereunder shall be deemed sufficient if in writing and sent by registered mail to the COMPANY at 301 Arlington Drive, Greenville, Pennsylvania, 16125, and to the BUILDER at

(Address of the BUILDER)

TENTH: This agreement is entered into pursuant to the legally established Rules and Regulations of the COMPANY, and words, phrases, and terms hereof are to be understood and interpreted in conformity with said Rules and Regulations, which are hereby incorporated herein by reference.

Executed in triplicate by the parties hereto on the date first above written.

22. ECONOMIC DEVELOPMENT MAIN EXTENSION POLICY:

The Company may negotiate and enter into customized Extension Deposit Agreements for promoting economic development or enhancing efficiency and operation of the wastewater system. These agreements may include special provisions that differ from the standard terms of "Extension Deposit Agreement."

23. MAIN EXTENSIONS WITH GOVERNMENTAL BODIES:

The Company may negotiate and enter into customized Extension Deposit Agreements with Governmental Agencies where the main extensions are for a public purpose and are funded entirely with public funds. These Agreements may include a waiver of the tax requirements of the "Extension Deposit Agreement," and, in such event, the Company will not refund any portion of the cost of the main extension.
