**MOTION OF TRANSOURCE PENNSYLVANIA, LLC FOR LEAVE TO REPLY TO
THE ANSWER OF OFFICE OF CONSUMER ADVOCATE**

TO ADMINISTRATIVE LAW JUDGES EMILY A. FARREN AND STEVEN K. HAAS:

Transource Pennsylvania, LLC (“Transource PA” or the “Company”), by and through its attorneys, hereby files this Motion for Leave to Reply to the Answer of Office of Consumer Advocate (“Motion”) to address a narrow issue therein, pursuant to the regulations of the Pennsylvania Public Utility Commission (“Commission” or “PaPUC”) at 52 Pa. Code §§ 5.103 and, in connection therewith, represents as follows:

I. INTRODUCTION

1. Through this Motion, Transource PA requests leave to address the impact of an intervening Commission order cited in the Office of Consumer Advocate's ("OCA") Answer Opposing Transource PA's Motion to Consolidate and for Timely Disposition ("Answer") dated June 25, 2026.

2. **The OCA has authorized Transource PA to represent that the OCA does not oppose the relief requested in this Motion, but such non-opposition is limited to the procedural relief requested herein and not the substantive issues addressed in the Reply described in Paragraph 12 below and attached hereto as Attachment 1.**

3. On May 21, 2026, Transource PA filed, pursuant to the Pennsylvania Public Utility Code ("Code"), at 66 Pa.C.S. § 1101 *et seq.*, an application requesting all necessary authority, approvals, and CPCs from the Commission necessary to authorize Transource PA to begin to furnish and supply electric transmission service as a Pennsylvania public utility within portions of Franklin County, Pennsylvania ("CPC Application").

4. Contemporaneously with the CPC Application, Transource PA filed, in accordance with 52 Pa. Code § 57.72, an application requesting Commission approval of the siting and construction of a proposed new electric substation and double-circuit Rice-Ringgold 230 kilovolt ("kV") electric transmission line and related facilities in a portion of Franklin County, Pennsylvania which, as noted above is referred to as the 9A West Project (the "Siting Application").

5. Contemporaneously with the CPC Application and the Siting Application, Transource PA filed, in accordance with 52 Pa. Code § Section 5.41 and Article VI of the Pennsylvania Municipalities Planning Code (as reenacted and amended December 21, 1988, P.L. 1329, 53 P.S. §§ 10601-10619.1) (“MPC”), a Petition for Confirmation of an Exemption from Local Zoning Regulation and for the Construction of Buildings in connection with the construction of a proposed electric substation in Greene Township, Franklin County, Pennsylvania (“Zoning Petition”).

6. And contemporaneously with the CPC Application, Siting Application and Zoning Petition, Transource PA filed with the PaPUC a Motion to Consolidate Proceedings and For Timely Disposition (“Consolidation Motion”).

7. As noted above, on June 25, 2026, the OCA filed the Answer opposing the Consolidation Motion.

8. Reasonably believing that certain allegations in the OCA Answer constituted New Matter that Transource PA was lawfully permitted to respond to, on July 15, 2026, Transource PA filed and served a Reply to “New Matter of Office of Consumer Advocate” (“Reply”).

9. Transource PA’s Reply largely sought to address the claimed precedential value of an interlocutory order issued by the PaPUC in a separate transmission line proceeding currently before the PaPUC, i.e., *Application of NextEra Energy Transmission MidAtlantic, Inc., filed pursuant to 52 Pa. Code Chapter 57 Subchapter G, for approval to site and construct a 500 kV transmission line associated with the MidAtlantic Resiliency Link Project located in portions of Greene County and Fayette County, Pennsylvania*, Docket No. A-2026-3060856, Interlocutory Order (June 1, 2026) (“MARL Interlocutory Order”).

10. On August 3, 2026, the ALJs issued an Interim Order #1 in connection with each of the CPC Application and Siting Application (collectively, “Interim Order #1”) which, among other things, struck from the record Transource PA’s Reply in proceedings for the CPC Application, Siting Application and Zoning Petition.

11. Interim Order #1 noted that, with respect to Transource PA’s Reply, “the proper course is to file a motion for leave, not file first and presume authority to do so.” Interim Order #1 at 8.

12. Consistent with the procedure specified in Interim Order #1, this Motion requests authorization by the ALJs for leave to file a Reply to the OCA’s allegations regarding the claimed precedential effect in this proceeding of the *MARL Interlocutory Order*. The Reply Transource PA seeks authorization to file is set forth in Attachment 1 to this Motion.

13. 52 Pa. Code § 1.1 et seq. governs the rules of administrative practice and procedure before the PaPUC.

14. 52 Pa. Code § 1.2(a) states that the PaPUC’s procedural rules in Title 52 shall be “liberally construed to secure the just, speedy, and inexpensive determination of every action or proceeding to which it is applicable.” Further, the PaPUC’s regulations state that the “Commission or presiding officer at any stage of an action or proceeding may disregard an error or defect of procedures which does not affect the substantive rights of the parties.” *Id.*

15. Additionally, 52 Pa. Code § 1.2(c) states that the “Commission or presiding officer at any stage of an action or proceeding may waive a requirement of this subpart when necessary or appropriate, if the waiver does not adversely affect a substantive right of a party.”¹

¹ See *Info. Connections v. Pa. Pub. Util. Comm’n*, 630 A.2d 498, 501 (Pa. Cmwlth. 1993).

16. Even in connection with *nunc pro tunc* filings, i.e., a filing or pleading relating back to a prior time, the PaPUC has recognized and accepted a utility's Answer *nunc pro tunc* where it did not affect the substantive rights of the Complainant.²

17. So too, granting the relief requested in this Motion will not affect the substantive rights of the OCA and will better frame the issues surrounding the Consolidation Motion.

18. Further, granting the relief requested herein will allow Transource PA the opportunity to address the claimed precedential effect of a ruling that *did not exist* when the Consolidation Motion was filed. Fundamental fairness, avoidance of prejudice to Transource PA, and general principles of equity support Transource PA's right to file and serve a reply to the OCA's reliance on the *MARL Interlocutory Order* as contained in Attachment 1 to this Motion.

WHEREFORE, Transource Pennsylvania, LLC respectfully requests that the Administrative Law Judges (i) grant the relief requested in this Motion in its entirety, including leave for Transource Pennsylvania, LLC to address the impact of an intervening PaPUC Order

cited in the Office of Consumer Advocate's Answer as contained in Attachment 1 hereto and (ii) grant Transource Pennsylvania, LLC such other relief as may be just and reasonable under the circumstances.

**REPLY OF TRANSOURCE PENNSYLVANIA LLC TO THE OFFICE OF CONSUMER
ADVOCATE’S ANSWER TO MOTION FOR CONSOLIDATION**

TO ADMINISTRATIVE LAW JUDGES EMILY A. FARREN AND STEVEN K. HAAS:

Transource Pennsylvania, LLC (“Transource PA” or the “Company”), by and through its attorneys, hereby files this Reply to the Office of Consumer Advocate’s (“OCA”) Answer to Motion for Consolidation (“Reply”), pursuant to the regulations of the Pennsylvania Public Utility Commission (“Commission” or “PaPUC”) at 52 Pa. Code §§ 5.61 and 5.62 and, in connection therewith, represents as follows:

I. INTRODUCTION

1. In this Reply, Transource PA is addressing an intervening PaPUC order cited by the OCA in an Answer Opposing Transource PA's Motion to Consolidate and for Timely Disposition ("OCA Answer") dated June 25, 2026.

2. On May 21, 2026, Transource PA filed, pursuant to the Pennsylvania Public Utility Code ("Code"), at 66 Pa.C.S. § 1101 *et seq.*, an application requesting all necessary authority, approvals, and CPCs from the Commission necessary to authorize Transource PA to begin to furnish and supply electric transmission service as a Pennsylvania public utility within portions of Franklin County, Pennsylvania ("CPC Application").

3. Contemporaneously with the CPC Application, Transource PA filed, in accordance with 52 Pa. Code § 57.72, an application requesting Commission approval of the siting and construction of a proposed new electric substation and double-circuit Rice-Ringgold 230 kilovolt ("kV") electric transmission line and related facilities in a portion of Franklin County, Pennsylvania which, as noted above is referred to as the 9A West Project (the "Siting Application").

4. Contemporaneously with the CPC Application and the Siting Application, Transource PA filed, in accordance with 52 Pa. Code § Section 5.41 and Article VI of the Pennsylvania Municipalities Planning Code (as reenacted and amended December 21, 1988, P.L. 1329, 53 P.S. §§ 10601-10619.1) ("MPC"), a Petition for Confirmation of an Exemption from Local Zoning Regulation and for the Construction of Buildings in connection with the construction of a proposed electric substation in Greene Township, Franklin County, Pennsylvania ("Zoning Petition").

5. And contemporaneously with the CPC Application, Siting Application and Zoning Petition, Transource PA filed with the PaPUC a Motion to Consolidate Proceedings and For Timely Disposition (“Consolidation Motion”). Through the Consolidation Motion, Transource PA is seeking consolidation in the same manner and via the same approach used by the Commission in *In Re: Application of Trans-Allegheny Interstate Line Company For approval: 1) for a certificate of public convenience to offer, render, furnish or supply transmission service in the Commonwealth of Pennsylvania; 2) authorization and to locate, construct, operate and maintain certain high-voltage electric substation facilities; 3) authority to exercise the power of eminent domain for the construction and installation of aerial electric transmission facilities along the proposed transmission line routes in Pennsylvania; 4) approval of an exemption from municipal zoning regulation with respect to the construction of buildings; and 5) approval of certain related affiliated interest arrangements*, Docket Nos. A-110172, A-110172F0002, A-110172F0003, A-110172F0004, G-00071229 (Opinion and Order entered December 12, 2008) (“*TrAILCo*”).

6. As noted above, on June 25, 2026, the OCA filed the OCA Answer opposing the Consolidation Motion.

7. Reasonably believing that certain allegations in the OCA Answer constituted New Matter that Transource PA was lawfully permitted to respond to, on July 15, 2026, Transource PA filed and served a Reply to New Matter of Office of Consumer Advocate.

8. Transource PA’s Reply to New Matter largely sought to address the claimed precedential value of an interlocutory order issued by the PaPUC in separate transmission line proceeding currently before the PaPUC, i.e., *Application of NextEra Energy Transmission MidAtlantic, Inc., filed pursuant to 52 Pa. Code Chapter 57 Subchapter G, for approval to site*

and construct a 500 kV transmission line associated with the MidAtlantic Resiliency Link Project located in portions of Greene County and Fayette County, Pennsylvania, Docket No. A-2026-3060856, Interlocutory Order (June 1, 2026) (“MARL Interlocutory Order”).

9. On August 3, 2026, the ALJs issued an Interim Order #1 in connection with each of the CPC Application and Siting Application (collectively, “Interim Order #1”) which, among other things, struck from the record Transource PA’s Reply to New Matter in proceedings for the CPC Application, Siting Application and Zoning Petition.

10. Interim Order #1 noted that, with respect to Transource PA’s Reply to New Matter, “the proper course is to file a motion for leave, not file first and presume authority to do so.” Interim Order #1 at 8.

11. Consistent with the procedure specified in Interim Order #1, Transource PA has filed a Motion requesting authorization by the ALJs for leave to file this Reply to the OCA’s allegations regarding the claimed precedential effect in this proceeding of the *MARL Interlocutory Order*.

II. MARL INTERLOCUTORY ORDER

12. The OCA Answer is primarily based on the *MARL Interlocutory Order*.

13. The *MARL Interlocutory Order* did not exist when the Consolidation Motion was filed.

14. The *MARL Interlocutory Order* was issued in a pending PaPUC proceeding (“MARL Proceeding”) involving an application to site an electric transmission line and a CPC application filed by NextEra Energy Transmission MidAtlantic, Inc. (“NextEra”). The PaPUC was specifically attempting to resolve a Petition for Interlocutory Review and Answer To Material Question filed by the OCA in the MARL Proceeding.

15. In the *MARL Interlocutory Order*, among other things, the PaPUC declined to answer the two material questions presented to it for review, but in the process ruled that “[a] decision regarding the CPC should be finally decided *before* the PaPUC considers the merits of a NextEra Siting Application.” *MARL Interlocutory Order* at 11. (Emphasis added).

16. The PaPUC justified its directive that NextEra’s CPC application be decided *before* its siting application on two primary bases. First, the PUC asserted – without any detailed legal analysis – that “the ‘necessary or proper’ or ‘need test’ under [Code] Section 1103 is not the same as the ‘present and future necessity of the proposed HV line in furnishing service to the public’ or ‘need test’ under 52 Pa. Code § 57.75(e)(1).” *MARL Interlocutory Order* at 12-13.¹ Second, the PaPUC claimed that consideration of NextEra’s siting application before a determination of its CPC application would pose “due process concerns,” based on the PaPUC’s view that it would be “potentially prejudicial to the intervening parties for the Commission to render a determination on the issues presented in the current Petition and, therefore, it is not in the public interest to do so.” *MARL Interlocutory Order* at 13.

17. Given Transource PA’s request in the Consolidation Motion and the practice used previously in *TrailCo*, in which the CPC and siting applications were consolidated for purposes of hearing and decision, the *MARL Interlocutory Order* reflects, if applied more broadly than the MARL Proceeding, a new PaPUC policy on consolidation of transmission line siting and CPC applications. This new policy was not announced in advance. It came about solely through a

¹ The new legal distinction the PaPUC is attempting to draw between need in a CPC Application and need in a Siting Application, a distinction Transource PA disagrees with, would not warrant rejecting consolidation of CPC and transmission line siting applications. Interpreting CPC need for a project in a manner that allows the PaPUC to vitiate the “need” found by PJM through a federally authorized regional planning process, which must be accepted by the Commission as need in a siting application, is unlawful. Addressing “need” for CPC and Siting purposes at the same time will avoid inconsistent results on the same issue and reflect an efficient process. Consolidation of CPC and Siting Applications was acceptable in the *TrailCo* case and should be so in these proceedings as well. NextEra’s simultaneous submission of a CPC application and a siting application in the MARL Proceeding was not a novel approach that created a new dilemma for the PaPUC any more than Transource PA’s Consolidation Motion.

specific adjudicatory matter with no participation from all relevant stakeholders, including Transource PA.

18. Further, in connection with its substantive determinations in the *MARL Interlocutory Order*, the PaPUC presented no analysis of either conclusion (i.e., different “need” legal standards and potential due process concerns) allegedly supporting its new requirement that CPC and siting applications must now be adjudicated sequentially.

III. REPLY TO OCA RELIANCE ON *MARL INTERLOCUTORY ORDER*

19. The OCA’s reliance on the *MARL Interlocutory Order* to reject the Consolidation Motion is misplaced.

20. Importantly, and aside from Transource PA’s disagreement with the PaPUC’s conclusions and legal support for its finding in the *MARL Interlocutory Order* that NextEra’s CPC application must be decided *before* NextEra’s siting application, the OCA Answer fails to address several key factors that distinguish the MARL Proceeding from this one involving Transource PA:

- Transource PA is not a party to the MARL Proceeding;
- Transource PA had no opportunity in the MARL Proceeding to address the PaPUC’s view of the facts or law it found pertinent to its conclusion that the NextEra CPC application must be decided before the NextEra siting application;
- The PaPUC made no findings or conclusions in the *MARL Interlocutory Order* suggesting that it intended to apply its ruling beyond the MARL Proceeding; and
- Transource PA was previously provisionally certificated as a public utility at Docket Nos. A-2017-2587821 and G-2017-2587822 by Commission Order entered January 23, 2018, for a transmission line project then known as “Project 9A,” whose western leg, called the “IEC West Project”, was also a Rice-Ringgold 230 kV Transmission Line located in Franklin County, Pennsylvania. That provisional utility status was only rescinded because the PaPUC unlawfully declined to accept the “need” for Project 9A found by PJM as part of its federally mandated regional planning process.²

² See, *Transource Pa., LLC v. DeFrank*, 156 F.4th 351, 379 (3rd Cir. 2025), affirming *Transource Pa., LLC v. DeFrank*, 705 F. Supp. 3d 266 (M.D. Pa. 2023)

- Unlike NextEra in the MARL Proceeding, Transource PA entered into the current proceeding as an entity for which the PaPUC has previously granted a CPC in connection with Transource PA's Bramah Substation project, based upon, among other things, its technical, legal and financial fitness.³

25. Contrary to the OCA's claims, no party's rights – due process or otherwise - need be abridged by a litigation structure that establishes a process that allows both the CPC Application and the Siting Application to be fully litigated in the same proceeding.

26. Transource PA proposed the consolidation protocol – consistent with past PaPUC practice in similar proceedings – not to adversely affect any party's rights, but as a reasonable approach to timely addressing both the CPC Application and the Siting Application in a manner that protects and balances *all* parties' due process rights – including Transource PA's rights. As noted above, Transource PA is under a contractual obligation to have the 9A West Project completed and energized for service by January 2029.

27. The OCA Answer reads too much into the *MARL Interlocutory Order* and fails to recognize and/or acknowledge the differences between Transource PA and NextEra.

28. While the OCA correctly observes that Transource PA has no CPC covering service in Franklin County (OCA Answer at 8), it fails to acknowledge that Transource PA is a certificated public utility in Peach Bottom Township, York County, Pennsylvania *and* as a result of that status the PaPUC has already found and Transource PA has proven that it satisfies the technical, legal and financial fitness requirements necessary to obtain a CPC for transmission service. Technical, legal, and financial fitness to provide transmission service does not vary from county to county.

³ Transource PA is an existing PaPUC regulated transmission-only public utility in Peach Bottom Township, York County, Pennsylvania having been issued a CPC by the PUC on December 19, 2024 in the matter *Authorizing approval to Transource Pennsylvania, LLC to begin to offer, render, furnish, or supply electric transmission service to the public in Peach Bottom Township, York County, Pennsylvania*, PaPUC Docket No. A-2024-3049272.

There is nothing in the OCA Answer suggesting that a different finding on fitness would occur in this proceeding.

29. At best, the OCA strains to suggest an issue on fitness that does not exist, all in support of its erroneous view that consolidation would result in a due process problem for the other parties. The fact is that Transource PA's applications, collectively, present a narrow set of issues in dispute, thereby supporting the consolidation of the CPC Application and Siting Application for an efficient and timely PUC adjudicatory process. All parties will have the opportunity to address the relevant issues in both the CPC Application and the Siting Application while simultaneously recognizing Transource PA's right to a final decision in both applications that maximizes the likelihood of meeting its contractual and PJM-directed obligations for a needed regional and beneficial electric transmission line facility.

WHEREFORE, Transource Pennsylvania, LLC respectfully requests that the Administrative Law Judges grant Transource Pennsylvania, LLC (i) the relief requested in this Reply in its entirety, (ii) the relief requested in the Consolidation Motion and (ii) such other relief as may be just and reasonable under the circumstances.
