RE: Security Requirement Bond for **EAH Energy LLC**

Dear Gabrielle Mentink Carvalho, President:

Philadelphia Gas Works ("PGW") is aware that **EAH Energy LLC** has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, **EAH Energy LLC** must furnish acceptable security to each utility where **EAH Energy LLC** will do business. As such, under its tariff, Philadelphia Gas Works could require **EAH Energy LLC** to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works' understanding, that **EAH Energy LLC** intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that in performing these services **EAH Energy LLC** will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time, **EAH Energy LLC** does not need to post a bond or other form of security to operate in its service territory. If the services provided by **EAH Energy LLC** should change, Philadelphia Gas Works reserves the right to require security from **EAH Energy LLC** as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 215-684-6726.

Sincerely, Robert Smith

Robert K. Smith
Sr. Vice President - Operations, Supply Chain, & Gas Management
