RE: EAH Energy, LLC

Dear Ms. Carvalho:

We understand that EAH Energy, LLC has applied with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania, including our company's service area.

Pursuant to 66 Pa.C.S. § 2208(c), an applicant for a natural gas supplier license must furnish security to each utility where it will do business to ensure the supplier's financial responsibility. To this end, Valley Energy periodically will perform a credit review and analysis of EAH Energy, LLC when EAH Energy, LLC begins to serve customers on Valley Energy's system. Valley Energy will determine whether EAH Energy, LLC must post a security based on the credit review, the types of customers served, the volumes expected to be delivered for those customers and the other rules in Valley Energy's Supplier Tariff. At this time, no security is being requested; however, if the services provided change in the future, we reserve the right to require security from EAH Energy, LLC as deemed appropriate.

If you have any questions, please contact Jamie Beale at 570-888-9664 (Ext. 5232).

Sincerely,

Edward E. Rogers
President & CEO
